

SPECIFICATIONS

The purpose and intent of this public bid is to obtain for the County of Union a vendor who will be responsible for providing materials and installation of **FENCING SYSTEMS**. Systems consist of galvanized & vinyl coated chain link and wooden fencing of various sizes and shall include all necessary hardware, gates and double coil razor wire at various buildings owned or leased by the County. Contractor must have the required manpower, equipment and abilities to supply materials, installation and repairs named herein and any other additions made over the term of the contract.

Further, the intent of the ensuing contract shall be to accomplish repairs, major or minor, of the systems and installation of new systems on a small or large scale. If a need arises for a large scale replacement or installation, it shall be up to the sole discretion of the County whether to use the contract resulting from this public bid or to bid the project separately. A change order, allowable under the open ended nature of the ensuing contract, may be required to accomplish a large project.

I. QUALITY

The materials and supplies called for herein shall be the best of their grade and types, prepared according to the best available standards or accepted formulas, and thoroughly tested and subjected to rigid examinations and standardization. Items not meeting these requirements shall be replaced at no cost to the County upon due notice of deficiency.

II. WARRANTY

All materials and workmanship shall be unconditionally guaranteed for a minimum of one (1) year beginning after the acceptance by the County, including all labor, parts, travel time and freight. Manufacturer's warranty shall apply if greater.

III. TRANSITIONAL PERIOD

In the event services are terminated by contract expiration or by voluntary termination by either the Contractor or The County of Union, the Contractor shall continue all terms and conditions of said contract for a period not to exceed thirty (30) days at the County's request.

IV. EXPERIENCE

Contractor shall have and assign workers to the County that possesses a minimum of three (3) years experience working on similar scope and size projects. Submit with the bid, references of at least three recent projects applicable to this application.

V. QUOTATIONS

Quotes for any substantial project shall include a cost breakdown submitted by the contractor as follows: labor rate, quantity of workers and their hours, intended use of apprentices or helpers, materials list, wholesale estimate of cost (with evidence of same if possible ((supplier quote))) and mark up, at applicable contract rates. Each call shall generate a separate invoice detailing the labor charge and the parts/materials as outlined above. All invoices are required to include the proper purchase order number, which can be obtained by contacting the appropriate department which requested the services. **NO WORK SHOULD EVER BE PERFORMED**

WITHOUT AN OPEN STANDING PURCHASE ORDER. Contractors who perform work without a corresponding purchase order may have to assimilate the unapproved costs at the discretion of the County.

VI. REQUEST FOR SERVICES

Due to the urgency of emergency service to the County jails, courthouse complexes, hospitals, etc., the Contractor shall have the ability to respond to Emergency service calls with a **four (4) hour on-site response time**. Specifically, contractor shall respond with a call back within one (1) hour and be on site within three (3) additional hours. Three documented failures to comply shall be considered cause for termination of contract. Emergency service calls shall be defined as safety hazards that cannot await regular scheduling. Contractor shall respond to regular service calls by scheduling work to occur during regular work hours and within 48 hours of receipt of County purchase order number. Service contractor must sign a log book for each visit to a County of Union site, and must verify the site visit with a County representative. Request for services at any County building or facility shall be made by the following persons or an authorized representative:

Director of the Division of Facilities Management (908) 527-4240 or his designee.

Director of the Division of Parks Maintenance (908) 789- 6029 or his designee.

VII. REMEDIES FOR NON-PERFORMANCE

In the event that the contractor fails to comply with any material contract requirements, the County may take steps to terminate the contract. In this event, the County may authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed by contractor.

VIII. COMPLIANCE STANDARDS

Materials, equipment and installation shall comply with all current rules and regulations of all applicable Federal, State, County and Local laws, ordinances and regulations. All work shall be executed in a workmanlike manner and shall present a neat and professional appearance when completed.

The State of New Jersey has decided that the Wage Determination for the Itemized Categories #1-#9 of this bid falls under several title(s): **LABORER-HEAVY & GENERAL**, **IRONWORKERS**, and **CARPENTER**. The wage paid shall be in accordance with the published rate for journeyman for the respective trade. It is the responsibility of the successful bidder to provide appropriate wages for the work performed as per the New Jersey Wage Determination rates per jobs performed and to supply the employee payroll as proof of wages.

The State of New Jersey has decided that the Wage Determination for Repair Work of this bid falls under the title: **LABORER-HEAVY & GENERAL**. The wage paid shall be in accordance with the published rate for journeyman for the respective trade. It is the responsibility of the successful bidder to provide appropriate wages for the work performed as per the New Jersey Wage Determination rates per jobs performed and to supply the employee payroll as proof of wages.

If and when the Wage Determination hourly rate is increased by the State, these specifications hereby declare that the wage of determination shall be considered a benchmark and if that benchmark is increased by the State, the contractor will have the ability to ask for an increase in the contracted hourly rate of this public bid in that exact same amount as the posted State increase and, if judged to be in the best interests of the County of Union, a new hourly contract rate will be allowed.

The County strives to perform projects during regular working hours, therefore the use of overtime and holiday hours shall be limited. Overtime and holiday pay shall be charged by the contractor in coordination with the rates found on the Wage Determination pages for the appropriate trade. Contractors may use the percentage of difference between the rates to adjust the hourly rate of the bid and charge the County accordingly.

IX. ACCESS TO COUNTY LOCATIONS

Contractor's staff must wear photo identification displaying the company name and employee name on their person when performing work at any County site. All personnel or agents or the contractor must observe all rules and regulations in effect at the site. Employees or agents of the contractor, while on County property, shall be subject to the control of the County, but under no circumstances shall persons be deemed to be employees or agents of the County.

X. USE OF THE SITE

The contractor shall confine his operations to those areas designated by the respective Department/Division heads or their Designees. He shall at all times keep the premises free from accumulation of waste materials or other debris caused by his operations. At the conclusion of the work, he shall remove all waste materials, tools and equipment from the site.

XI. COORDINATION

The Contractor shall coordinate his work with the department/division head or his designee. All work shall be performed so that any interruption of the normal operations shall be minimized. The successful contractor shall provide cellular telephone numbers for managers, supervisors and technicians as requested by the Department head or maintenance supervisor.

The County of Union has existing service contracts for various trades, such as pipefitting. It would be a requirement of the successful bidder of this contract that he could work seamlessly with the other County contractors and/or County personnel if a repair project contained additional aspects to it other than the fencing system repair and maintenance.

XII. TERMS

CONTRACT PERIOD: A period of twenty-four (24) consecutive months upon the signing of the contract with the provision for one (1) twenty-four (24) month extension subject to the following limitations: the extension contract shall be awarded by resolution of the governing body (within 60 days prior to the expiration date) upon a finding by the governing body that the services are being performed in an effective and efficient manner.

Payment to Vendor is to be made within forty-five (45) days after the receipt of Vendor's invoice and a signed County voucher attesting to the delivery of goods and services by some officer or duly designated employee of the using County entity and after approval of the appropriate Department head. The Vendor shall prepare invoices and shall submit them to the office/designated employee of the using County entity.

The County does not and will not warrant or guarantee the amount of time and material work hours to be supplied / required in any given day, week, month or year or in the aggregate pursuant to any contractual agreement awarded under these bid specifications. Nothing contained in any of the bid documents shall be construed to guarantee or warrant any amount of work hours. The work hours set forth herein constitute either

historic information or estimates of future needs and may not be indicative of the actual work hours to be experienced in the future.

The contractor shall be wholly responsible for any and all costs involved in the performance of the specified service, including, but not limited to: Travel expenses, cleanup materials, tools*, equipment*, and safety supplies.

- In the extraordinary event that a particular job needs a tool or piece of equipment outside the parameters of what a qualified contractor would have at his disposal, such as a crane or a specialized diagnostic tool, the contractor shall immediately notify the County employee in charge of the service. The County then may, according to its own best interest:
 1. Rent or buy the necessary tool or equipment on quotation from a third party.
 2. Instruct vendor to rent tool on the behalf of the County and pass along the charge AT COST to the County. The County shall preapprove the rental as being of fair market value. No mark-up shall be allowed in this instance.

Nothing herein shall entitle the successful bidder to any claim to an hourly price increase for lost profits or for any other compensation whatsoever in the event that the actual work hours supplied / required under this agreement are more or less than historical work hours or any projection of future work hours that may be contained herein.

The County reserves the right to terminate this agreement with written notice to the contractor thirty (30) days prior to such action.

XIII. OPEN ENDED CONTRACT

Please note that the ensuing contract is intended to be an open end contract as allowed under N.J.A.C. 5:30 et seq. and, in accordance with the rules, the minimum number set on the bid shall be zero (0) and the maximum shall be the quantity for each item.

XIV. ITEMIZED CATEGORIES - FURNISHED AND INSTALLED

1. **CHAIN LINK** – All framework are to include posts and top rail, fabricated from Sch.40 weight, 2” x 9 gauge fabric, galvanized steel. All posts are to be set 32” deep into ground with 3000 PSI concrete, crowned for run-off. Diameter of post hole to be 3 times the diameter of post. The terminal, end & gate posts per each hook-up are to include (1) less tension band than the height of fence; (1) brace band, (1) –1 5/8” steel cup, (1) pull bar and (1) dome cap. All bands are to be beveled and galvanized. Line posts are to have loop caps and corner, end & gate posts are to have corner bracing.
2. **VINYL COATED WIRE & POWDER COATED FRAME WORK** – All framework are to include posts and top rail, fabricated from Sch.40 weight, 2” x 9 gauge fabric, carbon steel. All posts are to be set 32” deep into ground with 3000 PSI concrete, crowned for run-off. Diameter of post hole to be 3 times the diameter of post. The terminal, end & gate posts per each hook-up are to include (1) less tension band than the height of fence; (1) brace band, (1) –1 5/8” steel cup, (1) pull bar and (1) dome cap. All bands are to be beveled and powder coated. Line posts are to have loop caps and corner, end & gate posts are to have corner bracing.

3. **GATES (Galvanized Steel)** – All gates are to be fabricated from 2” OD, Sch.40 weight, 2” x 9 gauge fabric, galvanized steel with cross bracing. Hardware to be industrial off-set hinges with ILD latches. Gates over 6’ wide are to be installed with 4” SS 40 weight galvanized steel terminal posts.
4. **GATES (Vinyl Coated Wire)** – All gates are to be fabricated from 2” OD, Sch.40 weight, 2” x 9 gauge fabric, powder coated steel with cross bracing. Hardware to be industrial off-set hinges with ILD latches. Gates over 6’ wide are to be installed with 4” SS 40 weight powder coated steel terminal posts.
5. **WOOD FENCING** – All fencing are to be fabricated from milled stockade, 3/4” thick x 8’ wide sections. All posts are to be fabricated from 4” x 4” x 8’ long CCA material. Posts are to be set 32” deep into ground with 3000 PSI concrete, crowned for run-off. Diameter of post hole to be 3 times the diameter of post.
6. **SPLIT RAIL FENCING** – “West Virginia Lap Rail” (or equal). All split rail fencing is to be fabricated from mixed hardwoods, consisting of half- round rails 11’ (132”) in length with tapered ends. All two- holed Line Posts are to be fabricated from Locust, 6’ (72”) in length, and the first of two 5” holes shall be 6” from the top of the post, while the second 5” hole shall be 22” below the top of the post. Post holes shall be set to a minimum overall depth of 2’ 6” (30”), with an aboveground fence height of 42”, or otherwise specified at the County’s discretion. Each rail end shall overlap through the holes of the posts to make 10’ 3” to 10’ 6” post centers.
7. **WOOD GATES (Spruce)** – All wood gates are to be fabricated from milled stockade, 3/4” thick. Gates up to 5’ high are to be provided with double drives and metal posts, with metal framework on back side of gate. Gates are to be provided with one (1) anchoring post per panel. All posts are to be fabricated from 4” x 4” CCA material. Posts are to be set 32” deep into ground with 3000 PSI concrete, crowned for run-off. Diameter of post hole to be 3 times the diameter of post.
8. **WOOD GATES (Cedar)** – All wood gates are to be fabricated from milled stockade, 3/4” thick. Gates up to 5’ high are to be provided with double drives and metal posts, with metal framework on back side of gate. Gates are to be provided with one (1) anchoring post per panel. All posts are to be fabricated from 4” x 4” CCA material. Posts are to be set 32” deep into ground with 3000 PSI concrete, crowned for run-off. Diameter of post hole to be 3 times the diameter of post.
9. **TEMPORARY FENCING** – All fencing are to be fabricated from 1 3/8” OD x 12 gauge framework, 11 gauge fabric, galvanized steel. Fencing is to include all required stands and sand bags.
10. **RAZOR WIRE** – All razor wire are to be fabricated from 30” diameter double coil super maze, AISI 430 series stainless steel, 0.025” thick with a minimum Rockwell Hardness of (30N) 39, anchored to the ground or concrete block wall. Loops are to be spaced at 12” centers, joined by a five clip system, with each loop containing barb clusters spaced at 4” on center. Each barb to contain 4 needles with an average length of 1.2” as measured from the center of the cluster.

XV. ITEMIZED CATEGORIES, PARTS ONLY

The County estimates spending \$20,000.00 for parts and installation materials (excluding mark-up) listed in Section XIV above (Items 1- 10), as well as miscellaneous and replacement parts, including, but not limited to: rails, posts, end caps, assorted hardware, et al, for the procurement of materials only, excluding the Vendor’s installation costs, throughout the term of the contract. Parts/Materials Prices: All materials shall

be invoiced at actual wholesale cost plus a percentage (%) markup. Copies of the supplier's invoices billed to the Vendor reflecting actual costs shall accompany each invoice to the County. The Vendor shall maintain an adequate inventory of applicable supplies, spare parts and replacement equipment at the Vendor's place of business, so that parts and materials can be procured by the County at once with a minimum of lead time.

XVI. INSTRUCTIONS FOR 11 ON BID FORM PAGE

For the purpose of this Bid: assume repair parts and materials estimate in Section XV of \$20,000.00. Calculate percentage of MARK-UP charges on wholesale cost of repair parts by multiplying \$20,000.00 by your proposed markup %, add that product to \$20,000.00 and put that sum on the appropriate line of the bid form page.

E.g. \$1,000 X 1% = \$10. Adding that to \$1,000 would give you a sum of \$1,010

NOTE: IN THE BEST INTERESTS OF THE COUNTY NO MARK-UP SHALL BE ACCEPTED OVER 15%

REPAIR SECTION

1. DESCRIPTION

In addition to preceding specifications for the installation of new fencing systems, the contractor shall be expected to perform any and all necessary repairs to existing county fencing systems.

Estimated hours and parts are enumerated on the bid form page. All repairs will follow all the guidelines and requirements of the installation specifications unless duly noted otherwise.

2. HOURLY ESTIMATE OF REPAIR WORK

For bid purposes only, 240 hours of total labor are shown as an estimate in the Bid Form pages. We have attempted to accurately reflect a true picture of the approximate amount of labor hours that the County anticipates for twenty-four (24) months. The County does not guarantee any minimum number of hours and will pay only for the actual number of hours authorized and worked.

The hourly rate bid shall not be adjusted up or down to correspond with any variance of the three specified wage determinations.

3. FURNISHING REPAIR PARTS

The Contractor shall advise the County of any parts and/or materials required to perform the requested repairs. The County shall furnish all parts and/or materials required unless the Contractor is requested to furnish them. Where directed to furnish parts and/or material, the Contractor shall submit a cost estimate to the County for budgetary purposes. The materials and supplies called for herein shall be the best of their grade and types, prepared according to the best available standards or accepted formulas, and thoroughly tested and subjected to rigid examinations and standardization. Items not meeting these requirements shall be replaced at no cost to the County upon due notice of deficiency. Materials, equipment and installation shall comply with all current rules and regulations of all applicable Federal, State, County and Local Laws, ordinances and regulations. All work shall be executed in a workmanlike manner and shall present a neat and professional appearance when completed.

4. PAYMENT FOR REPAIR PARTS

All materials shall be invoiced at actual wholesale cost plus a percentage (%) markup derived from the amount on the bid form page. Copies of the contractor's own purchase invoices reflecting actual costs shall accompany each invoice to the County clearly marked by the supplier: "Wholesale Pricing". If taken from contractor stock, other proof of wholesale pricing should be provided.

BID FORM PAGE

(Page 1 of 11)

Having carefully read the proposal, specifications and instructions to bidders the undersigned hereby agrees to provide all materials and install various **FENCING SYSTEMS** for all County owned and leased properties in accordance with the specifications.

CONTRACT SHALL BE AWARDED TO THE RESPONSIBLE BIDDER WITH THE LOWEST GRAND TOTAL. BIDDERS MUST BID ON ALL ITEMS.

All estimates are to be considered "more or less".

MATERIAL UNIT PRICES SHALL INCLUDE ALL PARTS, DELIVERY AND INSTALLATION AS PER THE SPECIFICATIONS.

THE PERIOD OF THE CONTRACT SHALL BE FOR (24) TWENTY-FOUR CONSECUTIVE MONTHS WITH PROVISION FOR (1) ONE (24) TWENTY-FOUR MONTH EXTENSION SUBJECT TO THE FOLLOWING LIMITATIONS: THE EXTENSION CONTRACT SHALL BE AWARDED BY RESOLUTION OF THE GOVERNING BODY (WITHIN 60 DAYS PRIOR TO THE EXPIRATION DATE) UPON A FINDING BY THE GOVERNING BODY THAT THE SERVICES ARE BEING PERFORMED IN AN EFFECTIVE AND EFFICIENT MANNER.

N.J.S.A. 40A:11-15 PROVIDES THAT ANY PRICE CHANGES PURSUANT TO EXTENSIONS OF THE ORIGINAL TERM OF THIS AGREEMENT SHALL BE BASED UPON THE PRICE OF THE ORIGINAL AGREEMENT AS CUMULATIVELY ADJUSTED PURSUANT TO ANY PREVIOUS ADJUSTMENT OR EXTENSIONS AND SHALL NOT EXCEED THE CHANGE IN THE INDEX RATE FOR THE TWELVE (12) MONTHS PRECEDING THE MOST RECENT QUARTERLY CALCULATION AVAILABLE AT THE TIME THIS AGREEMENT IS REVIEWED. THE INDEX RATE IS PROMULGATED BI-ANNUALLY BY THE STATE OF NEW JERSEY, DIVISION OF LOCAL GOVERNMENT SERVICES AND IS BASED ON THE ANNUAL PERCENTAGE INCREASE IN THE IMPLICIT PRICE DEFLECTOR FOR STATE AND LOCAL GOVERNMENT SERVICES, COMPUTED QUARTERLY BY THE U.S. DEPARTMENT OF COMMERCE, BUREAU OF ECONOMIC ANALYSIS.

ANY EXTENSION OF THE ORIGINAL TERM OF THIS AGREEMENT SHALL BE SUBJECT TO THE AVAILABILITY AND APPROPRIATION ANNUALLY OF SUFFICIENT FUNDS BY THE COUNTY OF UNION PURSUANT TO N.J.S.A. 40A:11-15.
