CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, up-grading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Division may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B and C, as long as the Division is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Division, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Division, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

(i) The contractor or subcontractor shall interview the referred minority or women worker.

(ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Division. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

(iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Division, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

(iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Division.

(7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Division and submitted promptly to the Division upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Division an initial project workforce report (Form AA 201) electronically provided to the public agency by the Division, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Division and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

(D) The contractor and its subcontractors shall furnish such reports or other documents to the Division of Public Contracts Equal Employment Opportunity Compliance as may be requested by the Division from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Public Contracts Equal Employment Opportunity Compliance for conducting a compliance investigation pursuant to **Subchapter 10 of the Administrative Code (NJAC 17:27)**.

5. NJDEP AIR QUALITY PERMITTING PROGRAM COMPLIANCE

Contractor is responsible for program compliance to identify the air quality forecast to determine if emergency generator can or cannot be used for normal testing/maintenance on a specific day. These procedures apply only to normal testing and maintenance usage.

Emergency Generators might not be allowed to operate for normal testing/maintenance on a certain day, depending on New Jersey's Air Quality for that day, in accordance with the Department's rules at N.J.A.C. 7:27-19.2(d). New Jersey's Air Quality is based on the National Air Quality Index System, which looks at 5 major pollutant levels currently in the air, compares those pollutant levels to established health standards, and gives the air a current rating (or grade), such as "good" or "unhealthy". The prohibition from testing/maintaining Emergency Generators on certain days is designed to: Ensure that NJ's air quality does not get worse on those days with unhealthful air, and Help protect the public health from the harmful effects of unhealthy air.

Procedure:

Check the air quality forecast before using the Emergency Generator for normal testing/maintenance, using either "A" or "B" below, whichever is more appropriate:

A. Same day the Emergency Generator will be used for normal testing/maintenance

At any time on the same day the emergency generator will be used for normal testing/maintenance, go to: www.nj.gov/dep/airmon/

Read the paragraph labeled "Today's air quality forecast". If this paragraph lists the air quality *anywhere* in NJ as Unhealthy for Sensitive Groups, Unhealthy, Very Unhealthy, or Hazardous, then testing/maintenance **CAN NOT** be done today. Reschedule testing/maintenance for another day.

Remember to re-check the Air Quality Forecast on that rescheduled testing day, and on any other day that the Emergency Generator will be used for normal testing/maintenance.

B. Day before the Emergency Generator will be used for normal testing/maintenance

Only after 5:30 pm on the day before the emergency generator will be used for normal testing/maintenance, go to: www.nj.gov/dep/airmon/

Read the paragraph labeled “Tomorrow’s air quality forecast”. If this paragraph lists the air quality *anywhere* in NJ as Unhealthy for Sensitive Groups, Unhealthy, Very Unhealthy, or Hazardous, then you **CAN NOT** do the testing/maintenance tomorrow. Reschedule your testing/maintenance for another day. Remember to re-check the Air Quality Forecast on that rescheduled testing day, and on any other day that the Emergency Generator will be used for normal testing/maintenance.

6. HOURLY LABOR RATES

Labor hours are shown in the proposal page for bid purposes only. We have attempted to accurately reflect a true picture of the approximate amount of labor hours that the County anticipates. The County does not guarantee any minimum number of hours and will pay only for the actual number of hours authorized and worked. **The labor charge should include all travel time. No additional travel will be honored.**

The State of New Jersey has decided that the Wage Determination for the field specified is not readily defined. It shall be the burden of the successful bidder to determine from their experience in the field whether or not a segment of billed hours for the work specified falls under a wage determination and that they must pay their worker accordingly.

The County of Union has existing service contracts for various trades, such as pipefitting. It would be a requirement of the successful bidder of this contract that he could work seamlessly with the other County contractors and/or County personnel if a repair project contained additional aspects to it other than the electrical system repair and maintenance.

It is the policy of the County of Union to avoid scheduling any work that exceeds 8 hours a day and to avoid scheduling work on Saturdays, Sundays and Holidays. Therefore, the successful bidder will be determined by the regular hourly rate bid. In the rare event that the County asks the service contractor to work after hours, the allowance of a time and a half shall only be allowed for work over eight hours in a single workday.

The contractor shall be wholly responsible for any and all costs involved in the performance of the specified service, including, but not limited to: Travel expenses, cleanup materials, tools*, equipment*, and safety supplies.

*In the extraordinary event that a particular job needs a tool or piece of equipment outside the parameters of what a qualified contractor would have at his disposal, such as a crane or a specialized diagnostic tool, the contractor shall immediately notify the County employee in charge of the service. The County then may, according to its own best interest:

1. Rent or buy the necessary tool or equipment on quotation from a third party.
2. Instruct vendor to rent tool on the behalf of the County and pass along the charge AT COST to the County. The County shall preapprove the rental as being of fair market value. No mark-up shall be allowed in this instance.

7. REQUEST FOR SERVICES

Due to the urgency of emergency service to the County's courthouses, jails, juvenile detention center, powerhouse, data centers, and hospital the Contractor shall have the capability of responding to a request for services within **two (2) hours**. The two (2) hour response time applies to Regular Time, Overtime, Saturdays, Sundays and Holidays. Bidders with an office that is further than two (2) hours traveling time from the County Courthouse Complex in Elizabeth shall submit a letter with their bid detailing how they propose to meet the required response time. Emergency services shall be provided twenty-four (24) hours per day, seven (7) days per week including weekends and holidays. Request for services affecting the jail, hospital patient areas, the powerhouse, and the safety of the general public shall be regarded as priorities and shall be responded to accordingly. A 24 hour manned phone number shall be indicated on the appropriate bid form page. Three documented failures to comply shall be considered cause for termination of contract. Emergency service calls shall be defined as safety hazards that cannot wait regular scheduling. Contractor shall respond to regular service calls by scheduling work to occur during regular work hours and within 48 hours of receipt of County purchase order number. Service contractor must sign a log book for each visit to a County of Union site, and must verify the site visit with a County representative. Requests for services at any County building or facility shall only be made by the following persons or an authorized representative:

Director of the Division of Facilities Management: (908) 527-4240 or his designee.

Director of Maintenance, Runnells Specialized Hospital: (908) 771-5866 or his designee.

Quotes for any work shall include a cost breakdown submitted by the contractor as follows: labor rate, quantity of workers and their hours, intended use of apprentices or helpers, materials list, wholesale cost (with evidence of same) and mark up, at applicable contract rates. Each call shall generate a separate invoice detailing the labor charge and the parts/materials as outlined above. All invoices are required to include the proper purchase order number, which can be obtained by contacting the appropriate division/department requesting services.

8. FURNISHING REPAIR PARTS

The Contractor shall advise the County of any parts and/or materials required to perform the requested repairs or installation. The County shall furnish all parts and/or materials required unless the Contractor is requested to furnish them. Where directed to furnish parts and/or material, the Contractor shall submit a cost estimate to the County for budgetary purposes.

The materials and supplies called for herein shall be the best of their grade and types, prepared according to the best available standards or accepted formulas, and thoroughly tested and subjected to rigid examinations and standardization. Items not meeting these requirements shall be replaced at no cost to the County upon due notice of deficiency.

Materials, equipment and installation shall comply with all current rules and regulations of all applicable Federal, State, County and Local Laws, ordinances and regulations.

The Contractor shall hold Public Works Contractor Registration Certificates as required by the Public Works Contractor Registration Act (P.L. 199, c.238).

All work shall be executed in a workmanlike manner and shall present a neat and professional appearance when completed.

9. WARRANTY

Repair parts shall be unconditionally guaranteed for a minimum of one (1) year beginning after the acceptance by the County, including all labor, materials, travel time and freight. Manufacturer's warranty shall apply if greater.

10. PAYMENT FOR REPAIR PARTS

The County estimates spending \$72,200 for parts and materials (excluding mark-up) as part of the service work throughout the term of the contract. Parts/Materials Prices: All materials shall be invoiced at actual wholesale cost plus a percentage (%) markup. Copies of the contractor's own purchase invoices reflecting actual costs shall accompany each invoice to the County. The contractor shall maintain an adequate inventory of applicable supplies, spare parts and replacement equipment within the service vans, or at contractor's place of business, in order that emergency repairs can be made to the using agency's equipment at once with a minimum of shut-down time.

11. INSTRUCTIONS FOR 1C ON BID FORM PAGE

For the purpose of this Bid: assume repair parts and materials estimate of \$72,200. Calculate percentage of mark up charges on wholesale cost of repair parts by multiplying \$72,200 by your standard markup %, add that product to \$72,200 and put that sum on the appropriate line of the bid form page.

e.g. \$1,000 x 1% = \$10. Adding that to \$1,000 would give you a sum of \$1,010.

12. TERMS

Contract period shall be twenty-four (24) consecutive months upon the signing of the contract with the provision for one (1) twenty-four (24) month extension subject to the following limitations: the extension contract shall be awarded by resolution of the governing body (within 60 days prior to the expiration date) upon a finding by the governing body that the services are being performed in an effective and efficient manner.

Payment to Vendor is to be made within forty-five (45) days after receipt of Vendor's invoice and a signed County voucher attesting to the delivery of goods and services by some officer or duly designated employee of the using County entity and after approval of the appropriate Division/Department head. The Vendor shall prepare invoices and shall submit them to the office/designated employee of the using County entity.

The County reserves the right to terminate this agreement with written notice to the contractor thirty (30) days prior to such action.

PLEASE NOTE THAT THE ENSUING CONTRACT IS INTENDED TO BE AN OPEN END CONTRACT AS ALLOWED UNDER N.J.A.C. 5:30 ET SEQ. AND, IN ACCORDANCE WITH THE RULES, THE MINIMUM NUMBER SET ON THE BID SHALL BE ZERO (0) HOURS AND THE MAXIMUM SHALL BE 1050 HOURS FOR JOURNEYMAN AND 120 HOURS FOR APPRENTICE/HELPER AND THE MINIMUM FOR MATERIAL AND PARTS PROVISION SHALL BE ZERO (0) DOLLARS AND THE MAXIMUM SHALL BE \$72,200.00.
