The recently enacted **P.L. 2009, c.315**, requires that effective January 18, 2010; a contracting agency must receive proof of the Proposer's business registration prior to the award of a contract. However, the proof must show that the Proposer was in fact registered with the State of New Jersey Department of the Treasury, Division of Revenue and obtained the business registration prior to the receipt of CCPs.

If subcontractors are named on the CCP, proof of the business registration for each must be provided prior to the award of a contract. Similarly to the Proposer, the proof must show that each subcontractor was registered with the State of New Jersey Department of the treasury, Division of Revenue and obtained the business registration prior to the receipt of CCPs.

Proof of business registration shall be:

- A copy of a Business Registration Certificate issued by the Department of the Treasury, Division of Revenue; or
- A copy of the web printed version provided by the NJ Division of Revenue

Register online at www.nj.gov/treasury/revenue/busregcert.shtml. Click the "online" link and then select "Register for Tax and Employer Purposes or call the Division at 609-292-1730.

Note: A N.J. Certificate of Authority is not acceptable.

FAILURE to submit proof of registration of the Proposer or any subcontractor named on the CCP is considered a **MANDATORY REJECTION** of CCPs (A **NON-WAIVABLE DEFECT**). This covers construction work as well as non-construction CCPs.

IN ADDITION:

The contractor shall provide written notice to all **subcontractors and suppliers** not specifically named on the CCP of the responsibility to submit proof of business registration to the contractor. The requirement of proof of business registration extends down through all levels (tiers) of the project.

Before final payment on the contract is made by the contracting agency, the contractor shall submit an accurate list and the proof of business registration of each subcontractor or supplier used in the fulfillment of the contract, or shall attest that no subcontractors were used.

For the term of the contract, the contractor and each of its affiliates and a subcontractor and each of its affiliates [N.J.S.A. 52:32-44(g)(3)] shall collect and remit to the Director, New Jersey Division of Taxation, the use tax due pursuant to the Sales and Use Tax Act on all sales of tangible personal property delivered into this State, regardless of whether the tangible personal property is intended for a contract with a contracting agency.

A business organization that fails to provide a copy of a business registration as required pursuant to section 1 of P.L.2001,c.134 (C.52:32-44 et al.) or subsection e. or f. of section 92 of P.L.1977,c.110 (C.5:12-92), or that provides false business registration information under the requirements of either of those sections, shall be liable for a penalty of \$25 for each day of violation, not to exceed \$50,000 for each business registration copy not properly provided under a contract with a contracting agency.

INTENT: It is the intent of this specification to provide for the purchase and delivery of a **Flame Ionization Detector**. The COUNTY OF UNION has evaluated different types of the Flame Ionization Detector and has determined that the Photovac MicroFID II Portable Flame Ionization Detector with any and all specified accessories and features is best suited for the county's needs in safety, quality, performance, and long term operational costs. This specification is not to be interpreted as restrictive, but rather as a measure of the safety, quality and performance against which all bids will be compared. The COUNTY OF UNION reserves the right to reject any or all bids or any part thereof, and to waive any minor technicalities. A contract will be awarded to bidder submitting the lowest responsible and responsive bid meeting the requirements of this specification pursuant to N.J.S.A. 40A:11-13.

EQUIVALENT PRODUCT: Bids will be accepted for consideration on any make or model that is equal to or superior to the Flame Ionization Detector specified. Decisions of equivalency will be at the sole interpretation of the COUNTY OF UNION. A blanket statement that equipment proposed will meet all requirements will not be sufficient to establish equivalence. Original manufacturer's brochures of the proposed unit should be submitted with the proposal. All modifications made to the standard production unit, as described in the manufacturer's brochures, are to be certified by the manufacturer to have been in prior successful use, including references of users, and submitted with the bid, or the bid will be deemed "non-responsive" and rejected without further review. Bidder must be prepared to demonstrate a unit similar to the one proposed, post bid.

STANDARD: The specification herein states the minimum requirements of the County. Unauthorized conditions, limitations, or provisions will be cause for rejection. The COUNTY OF UNION may consider as "irregular" or "non-responsive" and reject any bid not prepared and submitted in accordance with the bid document and specification, or any bid lacking sufficient technical literature to enable the County to make a reasonable determination of compliance to the specification. It will be the bidder's responsibility to carefully examine each item of the specification. Failure to offer a completed bid or failure to respond to each section of the technical specification (COMPLY: YES/NO) will cause the proposal to be rejected without review as "non-responsive". All variances, exceptions and/or deviations will be fully described in the appropriate section.

OPEN END CONTRACT: It is the intent of the County to purchase, at minimum, THREE pieces of the specified items. However, there may emerge a need for additional items in the twelve month interval after the signing of the contract. There shall be no expressed guarantee of any future purchases and the County shall not hold supplier at fault for increases in the manufacturer's suggested retail pricing or a model change by the manufacturer that will cause the supplier to renege on future purchases.

PLEASE NOTE THAT THE ENSUING CONTRACTING IS INTENDED TO BE FOR AN OPEN END CONTRACT AS ALLOWED UNDER N.J.A.C. 5:30 ET SEQ. AND, IN ACCORDANCE WITH THE RULES, THE MINIMUM NUMBER AND MAXIMUM NUMBER IS LISTED ON THE BID FORM PAGE FOR EACH ITEM.

PAYMENT: Payment to Vendor is to be made within forty-five (45) days after the receipt of Vendor's invoice and a signed County voucher attesting to the delivery of the goods and services by some officer or duly designated employee of the using County entity and after approval of the appropriate Department head. The Vendor shall prepare invoices and shall submit them to the office/designated employee of the using County entity.

The vendor will not provide any goods and/or services without a valid and current purchase order from the County unit indicating account number and encumbrance.

DELIVERY: The unit prices on the bid form page shall include any and all delivery costs. Delivery may be scheduled by contacting Salena Carroll, Union County Office of Emergency Management at 908-518-5621. Delivery will be made to the following location: 300 North Avenue East, 2nd floor OEM office Westfield NJ 07090.

TRAINING: The service contractor will provide on-site training at four locations in the UASI Region.

WARRANTY: The successful bidder is to warranty the Equipment and components of proposed system as described herein. The successful bidder should provide and submit "Warranty" per the manufacturer's warranty. Details to be provided on the appropriate bid form page.

OTHER: Operator, Parts and Service Manuals must be provided by vendor. Submit copy of literature on the equipment being bid on.

Total price to include all items listed in the specifications, freight, preparation, installation, delivery and training.

The governing body that initially awarded the bid must approve the use of a contract by other members or counties. The resolution should reference the bid award by the title and resolution or contract number, as appropriate.
