**TOOL AND DIE MAKER** - Study blueprints, sketches, models, or specifications to plan sequences of operations for fabricating tools, dies, or assemblies. Verify dimensions, alignments, and clearances of finished parts for conformance to specifications, using measuring instruments such as calipers, gauge blocks, micrometers, and dial indicators. Visualize and compute dimensions, sizes, shapes, and tolerances of assemblies, based on specifications. Set up and operate conventional or computer numerically controlled machine tools such as lathes, milling machines, and grinders to cut, bore, grind, or otherwise shape parts to prescribed dimensions and finishes. File, grind, shim, and adjust different parts to properly fit them together. Fit and assemble parts to make, repair, or modify dies, jigs, gauges, and tools, using machine tools and hand tools. Conduct test runs with completed tools or dies to ensure that parts meet specifications, making adjustments as necessary. Inspect finished dies for smoothness, contour conformity, and defects. Smooth and polish flat and contoured surfaces of parts or tools, using scrapers, abrasive stones, files, emery cloths, or power grinders. Lift, position, and secure machined parts on surface plates or worktables, using hoists, vises, v-blocks, or angle plates. Measure, mark, and scribe metal or plastic stock to lay out machining, using instruments such as protractors, micrometers, scribes, and rulers. Develop and design new tools and dies, using computer-aided design software. Cut, shape, and trim blanks or blocks to specified lengths or shapes, using power saws, power shears, rules, and hand tools. Design jigs, fixtures, and templates for use as work aids in the fabrication of parts or products. Select metals to be used from a range of metals and alloys, based on properties such as hardness and heat tolerance. Set pyrometer controls of heat-treating furnaces and feed or place parts, tools, or assemblies into furnaces to harden. Set up and operate drill presses to drill and tap holes in parts for assembly. Apply on line at: [www.remedystaff.com](http://www.remedystaff.com). When you get to site, click Apply Now in top right corner. You are asked to enter a location. Please enter Cranford branch, to ensure your application comes to our office. Enter zip 07016, select within 5 miles from drop down menu and then choose NJ-Remedy-Cranford. Application appears next. Attach your resume.

**JOB SEARCH REMINDER** - When responding to job leads from this or any source, do not send / accept money or share confidential personal information such as your social security number, credit card number, etc. Visit company's website in advance of placing an application or attending a recruiting event.
