The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union of the contractor's commitments under this chapter and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to make good faith efforts to meet targeted county employment goals established in accordance with N.J.A.C. 17:27-5.2.

The contractor or subcontractor agrees to inform in writing its appropriate recruitment agencies including, but not limited to, employment agencies, placement bureaus, colleges, universities, and labor unions, that it does not discriminate on the basis of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the State of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

In conforming with the targeted employment goals, the contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and layoff to ensure that all such actions are taken without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor shall submit to the public agency, after notification of award but prior to execution of a goods and services contract, one of the following three documents:

Letter of Federal Affirmative Action Plan Approval

Certificate of Employee Information Report

BUSINESS REGISTRATION CERTIFICATE

Pursuant to N.J.S.A. 52:32-44, the County of Union ("Contracting Agency") is prohibited from entering into a contract with an entity unless the bidder/proposer/contractor, and each subcontractor that is required by law to be named in a bid/proposal/contract has a valid Business Registration Certificate on file with the Division of Revenue and Enterprise Services within the Department of the Treasury.

Prior to contract award or authorization, the contractor shall provide the Contracting Agency with its proof of business registration and that of any named subcontractor(s).

Subcontractors named in a bid or other proposal shall provide proof of business registration to the bidder, who in turn, shall provide it to the Contracting Agency prior to the time a contract, purchase order, or other contracting document is awarded or authorized.

During the course of contract performance:

- (1) the contractor shall not enter into a contract with a subcontractor unless the subcontractor first provides the contractor with a valid proof of business registration.
- (2) the contractor shall maintain and submit to the Contracting Agency a list of subcontractors and their addresses that may be updated from time to time.
- (3) the contractor and any subcontractor providing goods or performing services under the contract, and each of their affiliates, shall collect and remit to the Director of the Division of Taxation in the Department of the Treasury, the use tax due pursuant to the Sales and Use Tax Act, (N.J.S.A. 54:32B-1 et seq.) on all sales of tangible personal property delivered into the State. Any questions in this regard can be directed to the (609)292-6400. Division of Taxation at Form NJ-REG can be filed online http://www.state.nj.us/treasury/revenue/busregcert.shtml.

Before final payment is made under the contract, the contractor shall submit to the Contracting Agency a complete and accurate list of all subcontractors used and their addresses.

Emergency Purchases or Contracts

For purchases of an emergent nature, the contractor shall provide its Business Registration Certificate within two weeks from the date of purchase or execution of the contract or prior to payment for goods or services, whichever is earlier.

Proof of business registration shall be:

- · A copy of a Business Registration Certificate issued by the Department of the Treasury, Division of Revenue; or
- A copy of the web printed version provided by the NJ Division of Revenue

Register online at www.nj.gov/treasury/revenue/busregcert.shtml. Click the "online" link and then select "Register for Tax and Employer Purposes or call the Division at 609-292-9292.

Note: A N.J. Certificate of Authority is not acceptable.

If possible, please submit all required proof of registration with the initial bid submission. Failure to submit proof of registration of the Proposer or any subcontractor named on the bid could delay the awarding of the bid, or result in the bid being rejected later. This is a non-waivable defect. This applies to construction bids, as well as non-construction bids.

COUNTY OF UNION

The purpose and intent of this public bid is the acquisition for the County of Union of a reputable and experience vendor who can furnish and deliver **Traffic Paint** to various locations for Union County Cooperative Members as per the following specifications.

In addition, please be advised that the work, materials or supplies requested in the specifications are being obtained through the County of Union cooperative pricing system approved and registered with the State of New Jersey. (State of N.J. Identifier #8-UCCP) The County of Union is the Lead Agency in the System and there are a number of governmental agencies participating in this contract. The specifics of which governmental agencies are seeking what quantities are listed elsewhere in these specifications.

The cooperative pricing system is a straightforward arrangement. The County of Union advertises for and receives bids for its self and on behalf of all participating contracting units. Following the receipt of bids, the County of Union reviews said bids and upon certifying a lowest responsible and responsive bidder makes an award of a master contract for the County of Union alone. The County of Union shall enter into a formal written contract directly with the successful bidder only after it has certified the funds available for its own needs.

After recommendation of award of the County master contract by the using department of the County, the cooperative members will be provided the bid proposal information and decide individually whether or not to contract with the lowest responsible and responsive bidder subject to the specifications and prices set forth in the cooperative bid.

Each participating cooperative member shall also certify the funds available only for its own needs; meet any and all statutory requirements of the Local Public Contract Law & Rules; issue purchase orders in its own name directly to successful bidder; accept its own deliveries; be invoiced by and receive statements from the successful bidder; make payments directly to the successful bidder, and be responsible for any tax liability.

No participating contracting unit in the Cooperative Pricing System shall be responsible for payment for any items ordered or for performance generally, by any other participating contracting unit. Each participating contracting unit shall accordingly be liable only for its own performance and for items ordered and received by it and none assumes any additional responsibility or liability.

Bid price shall be firm for the duration of the 24 consecutive months of the contract. Contracts will be awarded to the bidder with the lowest bid price.

SPECIFICATIONS

INTENT: It is the purpose and intent of this specification to provide for the purchase and delivery of TRAFFIC PAINT for the County of Union (The County) for a 24 month period. The County has evaluated different types of TRAFFIC PAINT and has determined that a product blended with the specified ingredients and constitution is best suited for the needs of the County pertaining to safety, quality, performance, and long term operational costs. This specification is not to be interpreted as restrictive, but rather as a measure of the safety, quality and performance against which all bids will be compared. The County reserves the right to reject any or all bids or any part thereof, and to waive any minor technicalities.

EQUIVALENT PRODUCT: Bids will be accepted for consideration on any make or model that is equal to or superior to the **TRAFFIC PAINT** specified. Further, equivalent products for all ingredients carrying a brand name will also be considered. Variations of any features of a proposed equivalent product from the features of any specified brand name may be acceptable if judged to be in the best interest of The County. Decisions of equivalency will be at the sole interpretation of the The County. A blanket statement that products proposed will meet all requirements will not be sufficient to establish equivalence. Brochures published by the original manufacturer of the proposed product should be submitted with the proposal. Bidder must be prepared to demonstrate a product similar to the one proposed, post bid.

STANDARD: The specification herein states the minimum requirements of The County. Unauthorized conditions, limitations, or provisions will be cause for rejection. The County may consider as "irregular" or "non-responsive" and reject any bid not prepared and submitted in accordance with the bid document and specification, or any bid lacking sufficient technical literature to enable The County to make a reasonable determination of compliance to the specification. It will be the bidder's responsibility to carefully examine each item of the specification. Failure to offer a completed bid or failure to respond to each section of the technical specification (COMPLY: YES/NO) will cause the proposal to be rejected without review as "non-responsive". All variances, exceptions and/or deviations should be fully described in the appropriate section.

OPEN END CONTRACT: Please note that the ensuing contract is intended to be an open end contract as allowed under N.J.A.C. 5:30 et seq. and, in accordance with the rules, the minimum number set on the bid for each item shall be zero (0) and the maximum shall be number on the bid page listed for each item.

Nothing contained in any of the bid documents shall be construed to guarantee or warrant an amount of the commodity that the County shall purchase. The quantities set forth herein constitute either historic information or estimate of future needs and may not be indicative of the actual quantities to be used in the future.

AWARD OF CONTRACT: Contract shall be awarded by Grand Total. Bidders must bid all items to be considered.

PAYMENT TO VENDOR: Payment to vendor is to be made within forty-five (45) days after the receipt of vendor's invoice and a signed County voucher attesting to the delivery of the goods and services by some officer or duly designated employee of the using County entity and after approval of the appropriate department head. The vendor shall prepare invoices and shall submit them to the office/designated employee of the using county entity.

The vendor will not provide any goods and/or services without a valid and current purchase order from the County unit indicating account number and encumbrance.

The Vendor shall not be paid for freight and/or delivery charges for either the original order or the supplemental order.
