**Contractor Registration Advisement**  
For Public Works Projects

A new law, known as "The Public Works Contractor Registration Act" (P.L. 1999, c.238), became effective April 11, 2000. Under the Act, no contractor/subcontractor will be permitted to bid on or engage in any contract for public work, as defined in Section 2 of P.L. 1963, c.150 (C:34:11-56.26), unless that contractor/subcontractor is registered with the New Jersey Department of Labor and Workforce Development. The Act provides that upon registration with the Department, a public works contractor/subcontractor will be issued a certificate by the Department indicating compliance with the Act's requirements. The registration fee has been set at \$300.00 per year. Upon the effective date of the Act, public bodies will be expected to request production of such a certificate from those bidding on or engaging in public works projects.

It is important to note that the term "contractor," is defined in the, Act as, "a person, partnership, association, joint stock company, trust, corporation or other legal business entity or successor thereof who enters into a contract which is subject to the provision of the "New Jersey Prevailing Wage Act," P.L. 1963, c.150 (C.34:11-56.25, et seq.) for the construction, reconstruction, demolition, alteration, repair or maintenance of a public building regularly open to and used by the general public or a public institution, and includes any subcontractor or lower tier subcontractor as defined herein: except that, for the purposes of the act, no pumping station, treatment plant or other facility associated with utility and environmental construction, reconstruction, demolition, alteration, repair or maintenance shall be regarded as a public building regularly open to and used by the general public or a public institution."

**AMERICANS WITH DISABILITIES ACT**  
**EQUAL OPPORTUNITY FOR INDIVIDUALS WITH DISABILITIES**

The contractor and the County of Union (hereafter "Owner") do hereby agree that the provisions of Title II of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. S12101 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs and activities provided or made available by public entities, and the rules and regulations promulgated pursuant thereto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the Owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the Owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the Owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the Owner's grievance procedure, the contractor agrees to abide by any decision of the Owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the Owner, or if the Owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The Owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the Owner or any of its agents, servants, and employees, the Owner shall expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or process received by the Owner or its representatives.

It is expressly agreed and understood that any approval by the Owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the Owner pursuant to this paragraph.

It is further agreed and understood that the Owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the Owner from taking any other actions available to it under any other provisions of this Agreement or otherwise at law.

### RE: NOTICE OF CLASSIFICATION

Dear Sir/Madam:

In accordance with Title 27:7-35.1 et. seq., and Regulations of the New Jersey Department of Transportation, you are hereby notified that the following CLASSIFICATION has been assigned to your firm by the Department:

Financial Capability  
\$5,000,001 to \$10,000,000

#### Work Classification(s):

3a- Grading & Bituminous Paving  
4-Bridge  
8-Genera Concrete  
10- Demolition  
22- Underground Utilities  
25-Milling

#### Project Rating(s):

\$2,000,001 to \$5,000,000		
" " "		
" " "		
" " "		
" " "		
" " "		

This denotes your maximum financial capability and project rating, since you have chosen to submit a CPA review of financial statement.

Your financial capability is based on (net working capital or net worth x 15) + (net book value of construction equipment less the value of any outstanding loans x 15) + (unsecured lines of credit in accordance with the Questionnaire x7) as determined by the Department from the information you submitted for the Close of Business on 12/31/19. See attachment for explanation.

NOTICE OF CLASSIFICATION

**Reivax Contracting Corp.**

Page 2

**Please be advised that the supplementary provisions (Project specific Specifications) for all present & future Bridge Painting contracts requires all contractors and sub-contractors to have valid Certificates SSPC-QP1 & SSPC-QP2 issued by The Society for Protective Coatings (<http://www.sspc.org/>) at the time of bid and duration of the contract**

This CLASSIFICATION will be effective 9/23/20 and will expire 6/30/21.

Your financial capability is defined as the dollar threshold on the maximum amount of a project rating, which is assigned by the Department pursuant to N.J.A.C. 16:44-3.6 upon examination of the contractor's Questionnaire and financial statement submitted by the contractor in accordance with this chapter. Project Rating is defined as the maximum dollar amount that a contractor shall be allowed to bid in a particular work type on an individual project.

Bids will only be accepted from a contractor classified with the Department pursuant to N.J.A.C. 16:44-3. Bids will only be accepted from a contractor who has been classified in at least one of the work types required in the project advertisement. Bids will be accepted from a contractor in an amount that does not exceed its project rating. When there is a question as to whether a bid is within the contractor's classification or, where it reasonably appears that a contractor may not have the classification that will allow it to bid on a project for which bids are being sought, the bid will be opened provisionally. If the bid is for a different work type or in a dollar amount greater than the contractor's maximum project rating, the bid will be rejected.

In order to be continuously eligible to bid on projects to be undertaken by this Department, your next Contractor's Financial and Equipment Statement should be submitted one month before the expiration date, but must be received at least 15 days prior to the date set for receipt of bids for which the classification will be used.

Requirements of New Jersey Administrative Code 16:44-12.1 and 12.2 must be complied with by all corporations classified with the New Jersey Department of Transportation.

Sincerely,

Keith A. Daniels

Gentlemen:

In accordance with the "Procedure for Prequalification and Award on New Jersey Turnpike Authority Construction Contracts", you have been prequalified to bid on construction contracts for the Turnpike Authority on both the Turnpike and Parkway. You are eligible to bid on any contract for work within the following classification(s) and rating(s):

CLASSIFICATION	RATING
1. Grading and Drainage	\$1,000,000 Maximum
7. Concrete Maintenance	\$1,000,000 Maximum

EFFECTIVE DATE: January 25, 2018

EXPIRATION DATE: January 24, 2019

The classification ratings for your firm has a \$1 Million Maximum limitation based on the submission of reviewed financial statements not audited financial statement as outlined in New Jersey Turnpike Authority Procedure for Prequalification and Award of Construction contracts (b)3.iv.

The Bridge Structures; General Construction, Highway; and Heavy Highway classifications were not approved, as contractors who are typically prequalified in these classifications, demonstrate the capability of performing the following for each:

- Bridge Structures Classification requires construction of all cast-in-place concrete reinforced bridge components which consist of the foundation, abutments, pier, deck and parapet.
- General Construction, Highway Classification requires roadway construction work that also includes the placement of asphalt concrete to line and grade.
- Heavy Highway Classification requires a work combination of roadway and bridge construction.

The Contractor's Qualifying Statement form for filing your renewal along with prequalification requirements is available on the Authority's web site, as follows:

<http://www.njta.com/doing-business/construction-and-maintenance-contracts>  
then click on "Contractor Prequalification Requirements."

In order to be continuously eligible to submit bids for construction contracts undertaken by the Turnpike Authority, your next Contractor's Qualifying Statement to prequalify in classification should be submitted one month before the above expiration date.

Very truly yours,
