This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

- (A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.
- (B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:
 - (1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;
 - (2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

- (3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
- (4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
- (5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and nondiscrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;
- (6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:
 - (i) The contactor or subcontractor shall interview the referred minority or women worker.
 - (ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.
 - (iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.
 - (iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.
- (7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.
- (C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women. (D) The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

- (1) the contractor shall not enter into a contract with a subcontractor unless the subcontractor first provides the contractor with a valid proof of business registration.
- (2) the contractor shall maintain and submit to the Contracting Agency a list of subcontractors and their addresses that may be updated from time to time.
- (3) the contractor and any subcontractor providing goods or performing services under the contract, and each of their affiliates, shall collect and remit to the Director of the Division of Taxation in the Department of the Treasury, the use tax due pursuant to the Sales and Use Tax Act, (N.J.S.A. 54:32B-1 et seq.) on all sales of tangible personal property delivered into the State. Any questions in this regard can be directed to the Division of Taxation at (609)292-6400. Form NJ-REG can be filed online at http://www.state.nj.us/treasury/revenue/busregcert.shtml.

Before final payment is made under the contract, the contractor shall submit to the Contracting Agency a complete and accurate list of all subcontractors used and their addresses.

Pursuant to N.J.S.A. 54:49-4.1, a business organization that fails to provide a copy of a business registration as required, or that provides false business registration information, shall be liable for a penalty of \$25 for each day of violation, not to exceed \$50,000, for each proof of business registration not properly provided under a contract with a contracting agency.

Emergency Purchases or Contracts

For purchases of an emergent nature, the contractor shall provide its Business Registration Certificate within two weeks from the date of purchase or execution of the contract or prior to payment for goods or services, whichever is earlier.

Proof of business registration shall be:

- A copy of a Business Registration Certificate issued by the Department of the Treasury, Division of Revenue; or
- A copy of the web printed version provided by the NJ Division of Revenue

Register online at www.nj.gov/treasury/revenue/busregcert.shtml. Click the "online" link and then select "Register for Tax and Employer Purposes or call the Division at 609-292-9292.

Note: A N.J. Certificate of Authority is not acceptable.

Failure to submit proof of registration with the initial bid submission. Failure to submit proof of registration of the Proposer or any subcontractor named on the bid could delay the awarding of the bid, or result in the bid being rejected later. This is a non-waivable defect. This applies to construction bids, as well as non-construction bids.

SPECIFICATIONS

The purpose and intent of this public bid is to obtain for the County of Union a vendor who will be responsible for providing **ROOFING MAINTENANCE**, **INSTALLATION**, and **REPAIR SERVICES**. The County of Union has an in-house capability for routine maintenance and/or repair of roofing systems of the buildings owned or leased by the County of Union. At times, situations may arise that require outside labor. The vendor will be responsible for providing maintenance, installation, and repairs of roofing systems. Systems in various buildings owned or leased by the County may consist of:

- ~ Single ply systems EPDM, P.V.C., hypalon and modified bitumen
- ~ Tapered roof insulation systems
- ~ Built-up and gravel roofs hot and cold processes
- ~ Complete roof stripping and re-roofing
- ~ All types of shingle, slate, tile, shake roofing
- ~ Installation and repairs of gutters, leaders and roof ventilation systems
- ~ All types of metal, copper and lead roofing; historical restorations
- ~ All types of sheet metal work
- ~ Roofing maintenance programs, including resurfacing systems, waterproofing, damp-proofing, asphalt and aluminum roof coatings (fibrated and non-fibrated); asphalt and aluminum emulsion; asphalt primers; elastomeric mastics, emulsions and roof coatings
- ~ Re-caulking windows and waterproofing of walls

Contractor must have the required manpower, equipment, and abilities to service roofs and services referenced above as well as any other additions made over the term of the contract.

Further, the intent of the ensuing contract shall be to accomplish repairs, major or minor, of the systems and some installation of new systems on a small scale. If a need arises for a large-scale replacement or installation, it shall be up to the sole discretion of the County whether to use the contract resulting from this public bid or to bid the project separately. A change order, allowable under the open-ended nature of the ensuing contract, may be required to accomplish a large project if deemed to be in the best interest of the County.

I. QUALITY

The materials and supplies called for herein shall be the best of their grade and types, prepared according to the best available standards or accepted formulas, and thoroughly tested and subjected to rigid examinations and standardization. Items not meeting these requirements shall be replaced at no cost to the County upon due notice of deficiency.

II. WARRANTY

Equipment shall be unconditionally guaranteed for a minimum of one (1) year beginning after the acceptance by the County, including all labor, materials, travel time and freight. Manufacturers warranty shall apply if greater.

III. TRANSITIONAL PERIOD

In the event services are terminated by contract expiration or by voluntary termination by either the Contractor or The County of Union, the Contractor shall continue all terms and conditions of said contract for a period not to exceed thirty (30) days at the County's request.

IV. EXPERIENCE

Contractor shall have and assign only skilled roofers to do the contracted work for the County. Bidders should possess a minimum of ten (10) years experience working on similar scope and size work as specified herein. Bidders should submit with the bid references for at least three recent contracts comparable to the work specified herein. Any use of helpers or apprentices MUST be pre-approved by the County.

V. QUOTATIONS

Quotes for any work shall include a cost breakdown submitted by the contractor as follows: labor rate, quantity of workers and their hours, intended use of apprentices or helpers, materials list, wholesale cost (with evidence of same) and mark up, at applicable contract rates. Each call shall generate a separate invoice detailing the labor charge and the parts/materials as outlined above. All invoices are required to include the proper purchase order number, which can be obtained by contacting the appropriate department requesting services.

VI. HOURLY LABOR RATES

Labor hours are shown in the proposal page for bid purposes only. We have attempted to accurately reflect a true picture of the approximate amount of labor hours that the County anticipates. The County does not guarantee any minimum number of hours and will pay only for the actual number of hours authorized and worked.

The State of New Jersey has decided that the Wage Determination for the field of service applicable to this bid falls under the title: **Roofer.** If and when the Wage Determination hourly rate is increased by the State, these specifications hereby declare that the wage of determination shall be considered a benchmark and if that benchmark is increased by the State, the contractor will have the ability to ask for an increase in the contracted hourly rate of this public bid in that exact same amount as the posted State increase and, if judged to be in the best interests of the County of Union, a new hourly contract rate will be allowed.

The County of Union has existing service contracts for various trades, such as electrical. It would be a requirement of the successful bidder of this contract that he could work seamlessly with the other County contractors and/or County personnel if a repair project contained additional aspects to it other than specified service of these specifications.

Although these pages include State required notation of the use of subcontractors due to the mandated use of Wage Determination, the service contractor will be solely capable of all specified service detailed herein, therefore, no subcontractors or subcontracting of work specified herein are permitted.

It is the policy of the County of Union to avoid scheduling any work that exceeds 8 hours a day and to avoid scheduling work on Saturdays, Sundays and Holidays. Therefore, the successful bidder will be determined by the regular hourly rate bid. In the rare event that the County asks the service contractor to work after hours, the allowance of a time and a half rate charge will be in accordance with the Wage Determination of **Roofer** for Overtime.

The contractor shall be wholly responsible for any and all costs involved in the performance of the specified service, including, but not limited to: Travel expenses, cleanup materials, tools*, equipment* and safety supplies. * In the extraordinary event that a particular job needs a tool or piece of equipment outside the parameters of what a qualified contractor would have at his disposal, such as a crane or a specialized diagnostic tool, the contractor

shall immediately notify the County employee in charge of the service. The County then may, according to its own best interest:

- 1. Rent or buy the necessary tool or equipment on quotation from a third party.
- 2. Instruct vendor to rent tool on the behalf of the County and pass along the charge AT COST to the County. The County shall preapprove the rental as being of fair market value. NO mark-up shall be allowed in this instance.

VII. <u>MATERIALS</u>

The County estimates spending \$120,000.00 for parts and materials (excluding mark-up) as part of the service work throughout the 24-month term of the contract. Parts/Materials Prices: All materials shall be invoiced at actual wholesale cost plus a percentage (%) markup. Copies of the contractor's own purchase invoices reflecting actual costs shall accompany each invoice to the County. The contractor shall maintain an adequate inventory of applicable supplies, spare parts and replacement equipment within the service vans, or at contractor's place of business, in order that emergency repairs can be made to the using agency's equipment at once with a minimum of shut-down time.

Note: If any parts or materials are supplied from the stockpile of the contractor and no invoices can be provided, any quotes with said parts listed shall be marked appropriately and the County before purchase shall attest to the fair market value of the parts.

VIII. REQUEST FOR SERVICES

Due to the urgency of emergency service to the County's courthouse complexes, jail, police and first aid stations, etc., the Contractor shall have the ability to respond to Emergency service calls within a timely manner, no later than **twenty-four (24) hour on-site response time.** Specifically, the contractor shall respond with a call back within one (1) hour and be on site within twenty-three (23) additional hours. Emergency services shall be provided twenty-four (24) hours per day, seven (7) days per week including weekends and holidays. Bidders with an office that is further than two (2) hours traveling time from the County Courthouse Complex in Elizabeth shall submit a letter with their bid detailing how they propose to meet the required response time. Three documented failures to comply shall be considered cause for termination of contract. Emergency service calls shall be defined as safety hazards that cannot await regular scheduling. Contractor shall respond to regular service calls by scheduling work to occur during regular work hours and within 48 hours of receipt of County purchase order number. Service contractor must sign a logbook for each visit to a County of Union site, and must verify the site visit with a County representative. Request for services at any County building or facility shall be made by the following person or an authorized representative:

Director of the Division of Facilities Management (908) 527-4240 or his designee.

IX. REMEDIES FOR NON-PERFORMANCE

In the event that the contractor fails to comply with any material contract requirements, the County may take steps to terminate the contract. In this event, the County may authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed by contractor.

X. <u>COMPLIANCE STANDARDS</u>

Materials, equipment and installation shall comply with all current rules and regulations of all applicable Federal, State, County and Local laws, ordinances and regulations. All work shall be executed in a competent manner and shall present a neat and professional appearance when completed.

XI. ACCESS TO COUNTY LOCATIONS

Contractor's staff must wear photo identification displaying the company name and employee name on their person when performing work at any County building. All personnel or agents or the contractor must observe all rules and regulations in effect at the buildings. Employees or agents of the contractor, while on County property, shall be subject to the control of the County, but under no circumstances shall persons be deemed to be employees or agents of the County.

XII. <u>USE OF THE SITE</u>

The contractor shall confine his operations to those areas designated by the respective Department heads or their Designees. He shall at all times keep the premises free from accumulation of waste materials or other debris caused by his operations. At the conclusion of the work, he shall remove all waste materials, tools and equipment from the site.

XIII. COORDINATION

The Contractor shall coordinate his work with the department head or his designee. All work shall be performed so that any interruption of the normal operations shall be minimized. The successful contractor shall provide cellular telephone numbers for managers, supervisors and technicians as requested by the Department head or maintenance supervisor.

XIV. <u>TERMS</u>

CONTRACT PERIOD: A period of twenty-four (24) consecutive months upon the signing of the contract with the provision for one (1) twenty-four (24) month extension subject to the following limitations: the extension contract shall be awarded by resolution of the governing body (within 60 days prior to the expiration date) upon a finding by the governing body that the services are being performed in an effective and efficient manner.

Payment to Vendor is to be made within forty-five (45) days after the receipt of Vendor's invoice and a signed County voucher attesting to the delivery of goods and services by some officer or duly designated employee of the using County entity and after approval of the appropriate Department head. The Vendor shall prepare invoices and shall submit them to the office/designated employee of the using County entity.

The County does not and will not warrant or guarantee the amount of work hours to be supplied / required in any given day, week, month or year or in the aggregate pursuant to any contractual agreement awarded under these bid specifications. Nothing contained in any of the bid documents shall be construed to guarantee or warrant any

amount of work hours. The work hours set forth herein constitute either historic information or estimates of future needs and may not be indicative of the actual work hours to be experienced in the future.

Nothing herein shall entitle the successful bidder to any claim to an hourly price increase for lost profits or for any other compensation whatsoever in the event that the actual work hours supplied / required under this agreement are more or less than historical work hours or any projection of future work hours that may be contained herein.

The County reserves the right to terminate this agreement with written notice to the contractor thirty (30) days prior to such action.

XV. OPEN ENDED CONTRACT

Please note that the ensuing contract is intended to be an open end contract as allowed under N.J.A.C. 5:30 et seq. and, in accordance with the rules, the minimum number set on the bid shall be zero (0) hours and the maximum shall be 1000 hours for Journeyman and 500 hours for Helper, and the minimum purchase for materials and parts shall be zero (0) dollars and the maximum not to exceed the sub total amount on line 1c of the bid form page.

XVI. INSTRUCTIONS FOR 1C ON BID FORM PAGE

For the purpose of this Bid: assume repair parts and materials estimate of \$120,000.00. Calculate percentage of mark-up charges on wholesale cost of repair parts by multiplying \$120,000.00 by your standard markup %, add that product to \$120,000.00 and put that sum on the appropriate line of the bid form page.

e.g. $$1,000 \times 1\% = 10 . Adding that to \$1,000 would give you a sum of \$1,010.
