2. Section VI: One-Stop Partner Services Matrix

Please address as follows: The One-Stop Partner Services Matrix is a tool that can support local WDB understanding of where partner services exist, facilitate the use of such resources within the workforce system, help identify any gaps in service provision, and establish partnerships to address these gaps. The Union plan's matrix must be updated to clarify or correct services attributed under each program as they exist in your area, including those provided by external partners. Technical assistance can be provided by the LWD Office of WIOA Technical Assistance and Capacity Building, as needed.
