ABOUT SAFE HARBOR

HEALING MINDS

Safe Harbor Healing Minds (SHHM) provides FREE comprehensive mental health support for LGBTQ+ individuals, ages 18 to 30, to enhance their well-being. Services include individual and group therapy sessions led by certified therapists specializing in LGBTQ-related issues and trauma therapy. SHHM offers peer mentorship programs, peer support specialists, and specialized support groups within the LGBTQ+ community.

To foster a supportive community, SHHM organizes social events, arts and culture nights, and community outreach initiatives. The program conducts training sessions for allies, families, and educators to raise awareness about LGBTQ+ challenges and advocate for inclusivity.

Educational sessions equip participants with skills for handling life challenges, stress management, healthy relationships, family dynamics, safe sex practices, and healing from victimization. SHHM plans to establish a resource center with literature on recovery, mental health, safe sex, and LGBTQ+ rights.
