

Union County, NJ

HUD Consolidated Annual Performance and Evaluation Report

FY 2025

(August 1, 2025 – July 31, 2026)

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The County of Union has met many of the goals established in the annual action plan and 5-year strategic plan. Areas that had no performance goals set, e.g., housing code enforcement and public facilities rental units rehabilitated will be reviewed to better assess and report program performance. The areas of underperformance of the goals that were established in the annual and 5-year strategic plans will be reviewed to better address these goals.

Housing Affordability: As of July 31, 2026 the Union County Public Housing Authority administered 377 regular Section 8 Housing Choice vouchers of which 367 families received rent subsidies and forty (40) mainstream vouchers of which 34 are leased up.

Homeowner Unit Preservation: In an effort to maintain affordable housing stock, the County funds various homeowner repair programs. This is important, specifically for seniors, to keep them in their home by providing a safe and decent living environment. The FY 2025 one-year goal was set at 175 units to be repaired/rehabilitated for PY 2025. The County rehabilitated 16 homeowner units to remediate code violations and provide a safe living environment. The County will revisit its CDBG funded homeowner rehabilitation program to reevaluate the number of homes repaired vs goals. In an effort to keep senior adults in their homes as they age, the County offers through its Home Improvement Program emergency assistance grants to senior homeowners up to \$10,000 for emergency repairs.

Infrastructure: The PY 2025 one-year goal was to complete infrastructure projects that would benefit 20,000 individuals up from 16,000 persons served in the previous year (FY 2024). Infrastructure projects were completed benefitting 42,171 persons: achieving 210.86% of one-year goal.

Public Facilities: The FY 2025 one-year goal was to complete public facilities projects that would benefit 20,000 individuals, up from 9,500 persons served from the previous year (FY 2024). The County funded improvements at twenty-one (21) facility locations, including daycare centers, senior centers, and community centers. PY 2025 public facilities projects were completed benefitting 23,681 persons: achieving 118.41% of one-year goal.

Public Services: The PY 2025 one-year goal was to provide public services to 20,000 persons. Fifty-three (53) agencies were awarded funding that provided public services to 17,382 persons achieving 86.91% of one-year goal. There was a decrease in the number of individuals reported

served by public services. The main factor may lie in the increased scrutiny of program monitors to ensure subgrantees report unduplicated client counts.

HOME Investment Partnerships Program: The County released a request for proposals for \$3,100,000: four applications were received. The County will be releasing a HOME-ARP RFP in the next program year. We will consider applications from both RFPs for project funding. The County has been working with the Esterbrook Senior Residences project, which was awarded \$7,000,000.00 for 58 units of new low-income senior housing. Esterbrook began construction in March 2026 and is scheduled to be completed by July 30, 2027. The A&T Housing project was awarded \$1,636,116 and construction began September 2025 and as of July 30, 2026, 80% of the project has been completed. . The project consists of a total of eight (8) new affordable housing units: of which the County of Union has claimed seven. The seven units will be reserved for very-low income households with a preference for residents of Union County, outside of the City of Elizabeth. The City of Elizabeth HOME Program has claimed one (1) unit, which is also very-low income and Low HOME Rent.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The Union County Community Development Program provides grants to eligible municipalities and non-profit agencies to develop viable urban

communities through decent housing and a suitable living environment, as well as by expanding economic opportunities, principally for persons of low and moderate incomes. All projects must either benefit low and moderate-income persons, aid in the prevention of slums and blight, or meet other community development needs having a particular urgency.

The project and activities identified for funding in the Fiscal Year 2025 Action Plan are all projects that qualify as meeting the Five-Year Consolidated Plan priorities and objectives. The procedures employed in selecting projects and activities for inclusion in the Action Plan provide that they address at least one of the priorities of the Five-Year Plan.

Several areas of specific needs emerge from the analysis of the community, its needs, as well as market conditions. When translated into tangible objectives, these needs are:

- Stabilization and improvement of neighborhoods;
- Maintenance and improvement of the existing housing stock;
- Continued support of programs for the homeless, especially in the areas of prevention and transitioning to independent living;
- Continued support for the provision of services & improvements to those individuals and groups with special needs, such as the elderly, the disabled, and first-time homebuyers;
- Continued support of key public service programs, the improvement of public facilities and infrastructure;
- Implementation of economic development initiatives in support of and coordination with county and state programs and entities;
- Execution of anti-poverty efforts that support and build on existing programs, related to economic development efforts, and integrate job training and placement, welfare-to-work initiatives, and other programs aimed at improving opportunities for economic self-sufficiency;
- Continued efforts to expand housing and homeownership opportunities;
- Continued efforts to increase the number of affordable housing for low and moderate income individuals/families.

In our Planning, Coordination, and Capacity Building line item, we use our administrative funds for the salaries of CDBG staff members to perform the duties needed. In the future, we will look at new ways to use funds to increase awareness about Fair Housing laws in Union County.

Annual Planned Goals that require clarification and revision include:

- *Housing Rehabilitation /Affordable Housing*, person assisted goal was not set. For FY 2025, it should be noted that CDBG funded four (4)

Housing Code Enforcement Programs that served 972 households.

- *Housing Rehabilitation /Affordable Housing*, person assisted goal was not set. *Housing Rehabilitation / Affordable Housing, Homeowner Housing Rehabilitated* goal is misstated: planned goal should have been 50 homes. There are a number of homes that repairs have begun but have not been completed. For FY 2025, the reason that home rehabilitation programs underperformed include: contracts started late (January 1, 2026) as FY 2024 contracts were extended until December 31, 2025 (contracts were only seven (7) months in duration. In addition, FY 2025 contracts ended July 31, 2026 and FY 2026 contracts started August 1, 2026. Housing is very expensive, which is why most homeowners exceed the income limits and home rehabilitation programs predominantly serve seniors.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME
White	23,709	0
Black or African American	12,224	0
Asian	1,738	0
American Indian or American Native	60	0
Native Hawaiian or Other Pacific Islander	39	0
Total	37,770	0
Hispanic	10,936	0
Not Hispanic	26,834	0

Describe the clients assisted (including the racial and/or ethnicity of clients assisted with ESG)

	HESG
American Indian, Alaska Native, or Indigenous	4
Asian or Asian American	5
Black, African American, or African	267
Hispanic/Latina/e/o	143
Middle Eastern or North African	0
Native Hawaiian or Pacific Islander	3
White	146
Multiracial	0
Client doesn't know	0
Client prefers not to answer	0
Data not collected	0
Total	568

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

Please note that the Race Table above regarding the CDBG Program does not include a multiracial category which may skew the results.

Through the strategic allocation of CDBG, HOME, and ESG resources, the County was able to serve over

40,000 individuals/families. It should be noted that a number of public improvements and facilities projects have not been completed and are expected to be completed by the end of October 2026. Because these roadway paving and large capital projects remain open, thousands of people served will not be reported in FY 2025.

There are no client ethnic and/or race data to report for the HOME Program as the new affordable housing units are under construction. A&T Housing will have eight (8) low-income affordable housing units available for occupancy within next two (2) months. Esterbrook Senior Housing Project is on schedule to be completed by mid 2027 and available for occupancy by 3rd quarter 2027.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	5,360,172	2,782,340
HOME	public - federal	12,753,088	3,356,613
ESG	public - federal	399,360	74,392

Table 3 - Resources Made Available

Narrative

Public improvement projects are more substantial undertakings than other CDBG categories. These projects are susceptible to issues with contracting, the weather, and timing with other capital public improvement projects. These issues cause delays in completing projects which is why a large amount of funding remains unexpended by end of grant period. The contracts are typically extended beyond the CDBG grant period to provide sufficient time to complete.

ESG: Please note that all awarded funds were not expended during the reporting period and are not reflected in this year's CAPER based on the delay in receiving funding from the Federal grantor. All sub-recipients were granted additional time through December 31, 2026. All funds and levels of service will be reflected in the 2026-2027 CAPER.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Borough of Roselle	5	2	Issues with going out to bid for public improvements & facilities. Contracts were extended Oct 31
Borough of Roselle Park	4	8	Roselle Park completed the two activities, which reflects the higher percentage
City of Hillside	6	2	Issues with going out to bid for public improvements & facilities. Contracts extd to Oct 31t
City of Linden	12	1	Issues going out to bid for their roadway paving - contract was extended Oct 31st.
City of Plainfield	26	20	Plainfield expended less than half of their CDBG allocation for projects.

Countywide	32	48	The countywide percentage went up due to other target areas projects underperformance.
Rahway	15	19	Completed most of their eleven (11) projects and spent most of their allocation.

Table 4 – Identify the geographic distribution and location of investments

Narrative

All funds are allocated to subgrantees based on needs and priorities.

The Borough of Roselle, City of Linden, and Borough of Hillside expended less funding than planned due to large public improvement projects consisting of street paving and beautification projects that were not completed before the end of the program year: July 31, 2026. Public improvement project contracts were extended until October 31, 2026 to provide sufficient time to complete the projects.

The countywide target area actual percentage of allocation was much higher than planned due to other target areas late completion of projects and thus delayed expending funds.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

All ESG sub-recipients are required to meet the 100% matching funds, per the HUD's ESG Interim Rule. Documentation per the funding regulations (Section 576.201) is required for reimbursement.

For HOME, leveraging, match, program income, MBE/WBE, minority owners of rental property, and relocation/real property acquisition run on the federal fiscal year.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	6,777,930
2. Match contributed during current Federal fiscal year	0
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	6,777,930
4. Match liability for current Federal fiscal year	363,303
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	6,414,627

Table 5 – Fiscal Year Summary - HOME Match Report

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	377	367
Number of Special-Needs households to be provided affordable housing units	40	34
Total	417	401

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	417	401
Number of households supported through The Production of New Units	45	0
Number of households supported through Rehab of Existing Units	175	259
Number of households supported through Acquisition of Existing Units	0	0
Total	637	660

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The Home Investment Partnerships Grant is used to fund new affordable housing units, which had a goal of 45 new units. There are currently two (2) affordable housing projects under construction: Esterbrook Senior Housing in Rahway and A&T Housing in Elizabeth. For FY 2026, we anticipate the projects to be completed and 64 new affordable housing units to become available.

The goal was to draw down 2017 and 2018 funding, including IU, PI and HP. The A&T Housing project drew down 2017 and 2018, including a combination of IU, PI and HP, in the total of \$735,289.91 by the end program year. The Esterbrook Senior Residences project, drew down IU, PI and HP in the amount of \$1,407,406.12 by the end of the program year. Both projects are moving towards completion in a timely manner, and have met our goals and outcomes with no setbacks.

Esterbrook Senior Residences received their 9% tax credits in December 2024, construction has begun in March 2026 and is expected to be completed by July 2027. By the end of the program year, 20% of the construction has been completed.

A&T Housing's construction began September 2025, and is expected to finish in October 2026. As of the end of the program year, 80% of the project has been constructed.

As of July 31, 2026 the Union County Public Housing Authority administered 377 regular Section 8 Housing Choice vouchers of which 367 families received rent subsidies and forty (40) mainstream vouchers of which 34 are leased. In addition to the HAP vouchers allocated to the Union County Public Housing Authority, we administer twenty-six (26) port-outs and one-hundred twenty-six (126) port-ins HAP vouchers.

Discuss how these outcomes will impact future annual action plans.

The number of households supported through *Rehab of Existing Units* one-year goal is overstated. The projection of outcomes for the rehab program will be reexamined to determine achievable results. The FY 2027 Annual Action Plan will have the one-year goal reduced to approximately 50 housing units rehabilitated annually. We will look to include rental units rehabilitated for senior housing facilities.

For the HOME Program, the 64 new affordable housing units currently under construction will be completed in FY 2026 and will be reflected in the FY 2026 CAPER.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	64	0
Low-income	164	0
Moderate-income	25	0
Total	253	0

Table 13 – Number of Households Served

Narrative Information

CDBG funds were used to rehabilitate 16 residential properties. The County CDBG Jurisdiction served a total of 259 households: 243 senior rental units were rehabilitated, 110 in Scotch Plains and 133 in Summit.

Fiscal Years 2017 and 2018, including IU, PI and HP HOME funds have been drawn down during the CAPER year for the A&T Housing project. IU, PI and HP funds were expended to the Esterbrook Senior Residences project in the CAPER year.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Outreach services to persons living on the streets are primarily provided by Bridgeway, Inc. Targeting the two large urban areas of Elizabeth and Plainfield, workers from Bridgeway meet with homeless individuals wherever they are. Chronic homeless persons who are mentally ill and those with substance abuse issues are provided ongoing case management services. These individuals are provided early linkages to temporary and permanent housing and referral and advocacy for mainstream services such as Social Security, Supplemental Security Income (SSI), welfare assistance, and employment services. Others served by this program are referred to appropriate services if they do not suffer from mental illness or substance abuse.

During the winter months, the Elizabeth Coalition to House the Homeless and Bridgeway actively provide outreach to individuals living on the street. They provide transportation and immediate shelter, warm clothing, and hot meals to all homeless persons. If a particular client is in danger due to health-related illness/disability, it will be addressed immediately and appropriately. If the client's primary immediate need is shelter he/she will be transported to an available shelter or hotel/motel.

Outreach to other homeless persons is conducted by individual homeless providers who conduct extensive outreach and constantly interface with private and public entities to obtain and/or receive referrals. Currently, six emergency shelters and municipal / county welfare offices perform outreach.

This process reviews the current status of the client, identifies needed services, and forms the basis of the individual client's overall case service plan. Service plans developed as a result of the assessment process specifically address the issues pertinent to the client, and serve as a case management roadmap that measures progress and vital points of focus. Services are provided by the organizations listed above and the following organizations and agencies.

Union County recognizes it is through effective outreach that homeless persons enter the Continuum of Care (CoC) and are directed to the component most likely to ensure their success in permanent housing. Outreach is planned for persons living on the streets.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency shelters and transitional housing form the core of the continuum of the homeless service system. Through the Homeless Coalition, the County will continue to support the development of new facilities and the operation of existing emergency shelters and transitional housing facilities to move

homeless families and individuals to permanent supportive housing and independent living.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The risk of homelessness is more prevalent than ever as a result of today's economic conditions and housing market. Households that lost jobs in the sagging construction, manufacturing, and retail sectors and those who have not been able to secure full-time employment are among those facing homelessness. One of the best methods for addressing homelessness is to prevent the household from losing their housing in the first place.

The Union County Continuum of Care Committee has prepared a list of the services in place for the prevention of homelessness in Union County. Rent and mortgage vouchers are available to eligible persons/families to assist them in maintaining permanent housing by preventing displacement, eviction, or foreclosure. Assistance is contingent upon the availability of funds, and eligibility criteria set by the funding sources. This assistance assures action is not taken against the client once the one-time payment is provided, and the client can reasonably maintain future payments. Assistance is provided by the following groups:

- Catholic Charities of the Archdiocese of Newark
- Community Access Unlimited
- Elizabeth Coalition to House the Homeless
- Family Promise (Union County)
- Plainfield Action Services
- PROCEED, Inc.
- The Salvation Army (Elizabeth)
- The Salvation Army (Plainfield)
- Urban League of Union County

Utility assistance provides direct payment to a utility company or vendor to prevent a shut-off of utilities. The assistance is contingent upon the availability of funds, and the eligibility criteria set by the funding source. Service providers include those listed below:

- Catholic Charities of the Archdiocese of Newark
- Low-Income Home Energy Assistance Program (LIHEAP)
- N.J. Shares
- Plainfield Action Services

- PROCEED, Inc.
- The Salvation Army (Elizabeth)
- The Salvation Army (Plainfield)

The County developed and implemented a Discharge Coordination Policy to prevent the discharge of persons from medical institutions or other systems of care resulting in homelessness. Discharge policies and programs are in place for the Union County Department of Social Services contract with Catholic Community Services, American Friends Service Committee Life Skills Project, and the Bridgeway joint discharge plan with hospital and jail social workers. The County will continue to coordinate consultation between the agencies and institutions to ensure viable and realistic policies and programs. The lack of affordable housing in Union County causes the failure of many individuals who are released from institutions and results in increased recidivism.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Permanent supportive housing (PSH) is a combination of permanent affordable housing with voluntary services that help people live more stable, productive lives. When developed and implemented well, PSH can be an exceptionally cost-effective way to serve those homeless persons with the greatest challenges. Not only is PSH a humane and compassionate way to provide permanent affordable housing for disabled homeless persons, but it costs no more to operate than it does to serve homeless persons through the traditional, informal network of hospital emergency rooms, jails, and emergency shelters. Beyond the simple monetary savings for communities, PSH has also been shown to contribute to significant positive outcomes for the people it houses. For example, research indicates that when homeless persons reside in PSH they experience decreases of more than 50% in emergency room visits and hospital inpatient days, decreases in the use of emergency detoxification services by more than 80%, and increases in the use of preventative health care services. In addition, PSH tenants experience increases of 50% in earned income and 40% in the rate of participant employment when employment services are provided in supportive housing. In summary, PSH is a humane way to provide permanent affordable housing to homeless persons with the greatest needs.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The County works with local public housing agencies to help meet the needs of its residents and housing supply. The County utilizes CDBG funds to support programs that enhance the lives of their residents. CDBG funds were used for facility improvements at Scotch Plains Senior Housing Corp. (new thermal windows), and Summit senior housing facility (new fire pump). CDBG funding was used to modernize public housing facilities assisting with needed capital improvements.

The County is looking to create Community Housing Development Organizations (CHDOs) to help create new affordable housing.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Housing Authority administrative staff meets with the resident associations monthly to encourage residents to become more involved in management. Potential opportunities for residents and any problems the residents are encountering are discussed. At every board meeting, the agenda includes a scheduled time for the resident associations to meet and discuss items with the board members. Each Housing Authority within the County has positions on its board for Public Housing residents.

Actions taken to provide assistance to troubled PHAs

None of the Public Housing Authorities within the County are designated as troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The County Consortium has identified the public policies that impact the cost of housing and the incentives to develop, maintain, and improve affordable housing. Many of these policies fall beyond the Consortium, which has no legal or regulatory authority of its own. Indeed, some of the issues described above are beyond the authority of any single agency or level of government.

Issues that can be addressed at the municipal level include local tax policy, land use controls, building code fees, growth limits, zoning ordinances, and policies that affect the return on residential investment. To varying degrees, the Consortium municipalities each have addressed their zoning and land use regulations in an attempt to make them as equitable and open as possible.

Development standards, though they sometimes add costs to construction or rehabilitation, are necessary for the safety and health of residents and are in place in most of the participating jurisdictions. Efforts have been made to streamline and facilitate the permitting process locally by most of the municipalities. Several municipalities employ impact and linkage fees for new development in an attempt to pay for the construction of roads, sewers, and other infrastructure improvements required by new development.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

- The large number of vacant and abandoned properties has a blighting effect on neighborhoods and prevents neighborhood revitalization. To address this, the County will coordinate with municipalities and housing professionals through the Union County Foreclosure Task Force.
- The current credit market makes it difficult for low and moderate-income homebuyers to qualify for financing. The County will ensure its homebuyer programs provide counseling assistance to maximize success for potential buyers using federally-funded programs.
- Development costs, such as builder insurance, are higher in low-income neighborhoods. The County will work with developers to determine the appropriate amount of development subsidy for each potential project by conducting a subsidy layering analysis.
- Permanent supportive housing is the largest under-served homeless need. The County will coordinate its resources to continue the development of additional supportive housing units.
- Additional funds are needed for capital improvements in neighborhoods. In response, the County will seek to combine limited CDBG funds with other funding sources to increase the sustainability of low-income neighborhoods.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The county will continue to increase the capacity and coordination of lead-based paint screening and rehabilitation programs.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Poverty reduction requires coordinated programming across a broad range of areas, including job training and placement, public services, education, and basic skills development. Union County's anti-poverty strategy is closely linked to the economic and educational initiatives that have been implemented over several years. Providing individuals with the basic skills, training, and education necessary to become employable in today's competitive job market is essential.

The County collaborates with local Boards of Education to assist individuals in obtaining high school diplomas or GED certificates. It also supports the coordination of training programs offered by public institutions to align with the workforce needs of employers.

Additionally, the County supports job creation efforts in several municipalities, Hillside Township, Plainfield City, and Roselle Borough, through participation in Urban Enterprise Zones (UEZ). The UEZ program stimulates employment and capital investment by offering tax incentives and support to new and existing businesses. Revenues generated within the zones are placed into a dedicated fund to support economic and community development projects.

Several other education and training programs also contribute to poverty reduction. These include:

- Job training and placement activities sponsored by the Workforce Development Board;
- The Welfare-to-Work Program;
- Countywide daycare funding;
- Long-term employment opportunities for adults with severe disabilities; and
- Life skills development programs.

Vocational-technical schools, the local community college, and continuing education programs also play a vital role in expanding access to education and job-readiness training for County residents.

Where feasible, Union County will provide job training, employment, and contracting opportunities for public housing residents and other low- and moderate-income individuals in connection with construction projects funded through the Consolidated Plan. These efforts support local economic development, neighborhood revitalization, and individual self-sufficiency, in accordance with Section 3 of the Housing and Urban Development Act of 1968. A number of Consolidated Plan-funded projects are expected to specifically target assistance to households living in poverty.

However, employment programs alone cannot address the full scope of poverty. Many individuals living in poverty face barriers that currently prevent them from entering the workforce. The County partners with public agencies, social service providers, and civic organizations to design and implement direct

assistance and service delivery programs aimed at improving their quality of life. This foundational support, particularly in the areas of health and social services, is a necessary first step in helping individuals transition toward employability.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Union County will implement the Consolidated Plan and Annual Action Plan through the combined efforts of the County CDBG staff, the Community Development Revenue Sharing Committee, its various sub-committees, and a network of private, non-profit, and for-profit organizations.

The County's housing and community development programs are administered by the Union County Department of Economic Development, Union County Department of Human Services, and the Division of Individuals & Family Support Services. The Department of Economic Development collaborates with several key partners, including:

- **The Union County Alliance**, a coalition of business, education, government, and civic leaders that advocates for legislative changes in economic and community development;
- **The Union County Improvement Authority**, a public agency that provides low-cost financing and other incentives for development and acquisition projects;
- **The Union College Small Business Institute and Center for Advancement**, which develops workforce training, continuing education, and curricula tailored to the needs of the County workforce;
- **The Union County Economic Development Corporation**, a private, non-profit organization focused on business retention and expansion;
- **The Workforce Development Board**, which reviews and approves all applications for government-funded workforce training programs.

The Union County Department of Human Services delivers programs and services that respond to the quality-of-life needs of the County's elderly, low-income, unemployed, underemployed, and youth populations. The Department also facilitates the Homeless Continuum of Care system.

Within the Department of Human Services, the Division of Planning serves as the coordinator and advisor to the County's Comprehensive Emergency Assistance System (CEAS) Committee, Union County's primary planning, coordination, and advocacy body addressing homelessness. The CEAS Committee includes county and municipal welfare directors, homeless advocates and service providers, government officials, public sector representatives, and concerned citizens. It functions as a standing subcommittee of the Union County Human Services Advisory Council (HSAC), which is appointed by the Board of Commissioners and is responsible for consolidating data related to homelessness and housing services. This data informs the development of related programs and strategies.

Union County has actively collaborated with local non-profit organizations and housing developers to support housing programs for very low- and low-income households through the HOME Investment

Partnerships Program. An annual Request for Proposals (RFP) process invites subgrantees to apply for HOME funds, with technical assistance provided throughout the application process.

Although these entities collaborate effectively, there are ongoing opportunities for improved coordination and communication. All agencies involved remain committed to exploring new approaches to better serve their target populations and the broader community.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The County will continue to work with the partners and stakeholders listed above to ensure funds are flowing to needed areas of investment.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Union County continues to be up-to-date on its Analysis of Impediments to Fair Housing (AI). The Analysis of Impediments to Fair Housing is a review of an Entitlement jurisdiction's laws, regulations, administrative policies, procedures, and practices to assess how these affect the location's availability and accessibility of housing. It is also a review of conditions, both public and private, affecting fair housing choice. The AI examines existing and potential barriers to fair housing in a community, for all classes protected under the Fair Housing Act, such as lending discrimination, inequities in service delivery; and obstacles to the provision of housing for the effect of any impediments identified.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Following HUD's Community Planning and Development Notice 03/09, Union County developed a Performance Measurement System designed to measure both the productivity and impact of the Community Development Block Grant Program that we continued to utilize throughout the past year.

The County's "Union County Measuring-Up Performance Matrix" was used as a performance measurement system to capture output and outcome information on each of the following:

- Suitable Living Environment/Neighborhood Revitalization through the Multi-Jurisdictional Housing Rehab Program by measuring the Number of housing units assisted that have eliminated at least one significant health and safety deficiency as a result of housing rehabilitation, as defined by local codes
- Affordable Housing through tracking the number of unit years of affordability in rental projects, based on the investment of HOME dollars
- Economic Revitalization/Economic Opportunities through tracking decrease in abandoned or non-revenue producing properties (new homes/units)
- Downpayment Assistance through tracking increases in minority homeownership rates and neighborhood revitalization activities
- Activities to End Chronic Homelessness by tracking outcome information from our Emergency Shelter Grant Program (ESG), in addition to several other performance measurement areas

The Department of Economic Development is responsible for the majority of performance measurement activities and will incorporate measurement standards and methods into the process of awarding funds, allocating resources to programs and agencies, and collection of completion reports from programs and agencies. The standard Grant Agreement specifies the required activities and conditions that must be met to carry out grant programs, including compliance with statutory and regulatory requirements. The monitoring requirements and procedures under this Consolidated Plan will build upon existing monitoring systems and experience in administering federal and state programs and funds.

The Department administers the CDBG, HOME, and Section 8 Housing Assistance Payment Programs, and executes a housing rehabilitation program for homes owned by very-low, low- and moderate-income persons. The Union County Department of Human Services administers the ESG Supportive Housing programs.

The County's standards and procedures for monitoring are designed to ensure that:

- 1) Compliance with the National Affordable Housing Act objectives are met
- 2) Program activities are progressed in compliance with the specifications and schedule for each program
- 3) Recipients comply with other applicable laws and regulations, requirements to affirmatively further fair housing and, policies that minimize displacement of low-income households

Both the Action Plan and the Consolidated Plan will be monitored through the use of checklists and forms that are currently used to facilitate uniform monitoring of program activity. The Division will identify performance measures in advance of allocating funds. Each description of projects and activities will contain the specific measures by which the project will be evaluated. The strategies presented earlier each present measures that can or may be employed. Measures will be kept as simple and direct as possible.

Monitoring will occur through regular telephone and on-site monitoring visits. These visits will occur as necessary, but at least once a year. On all housing rehabilitation activities, an inspection is made to ensure housing code compliance.

All sub-recipients must identify the personnel working on the project, keep accurate records and filing systems to document program benefits and compliance, maintain an appropriate financial management system, submit to an audit, and submit a final report as a closeout procedure.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

To solicit public input during the planning process, the County follows its adopted Citizen Participation Plan (CPP). This process includes holding several public meetings and hearings, publishing notices of participate opportunities, and making the CAPER report for a minimum of 15 days for public comment and review.

In addition, the County placed a copy of the 2025 draft CAPER on the Division of Community Services, Bureau of Community Development webpage and in the County's vestibule for the public to share any comments/suggestions regarding the CAPER. As of now, we have not received any comments.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

To ensure better performance from our CDBG funded homeowner rehabilitation projects, we intend to convene meetings with the four (4) home rehabilitation programs to better coordinate between code violation programs and home repair programs. The projected goal of 175 housing units rehabilitated annually was set unrealistically to high: the reasonable expectation is to serve fifty (50) homeowners annually.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

All HOME assisted projects have been inspected within the three-year required monitoring period. We were able to monitor the Parkers Walk project, we are currently working on resolving HQS/NSPIRE deficiencies, however their income verifications and leases were in compliance.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

The Union County Participating Jurisdiction has developed procedures that ensure long-term adherence to the Affirmative Marketing rules described in 24CFR92.351. Each HOME Investment Partnerships Agreement, including those with other governmental bodies, for-profit developers, non-profit sponsors, and certified CHDO's, contains procedures requiring a specific plan for how the sponsor will affirmatively market the project in accordance with 24CFR92.351. Occupancy and admission requirements are presented and made part of the Partnerships Agreement.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

For FY 2025, the County of Union expended a total of \$1,843,969.07 in total program income (PI, HP and IU), which consisted of the years 2018, 2019, 2021, 2022 and 2023. The program income was used for two projects: Esterbrook Senior Residences and A&T Housing. Esterbrook received a total of \$1,786,565.67 in the fiscal year, while A&T Housing received \$57,403.40. Both these projects are new rental affordable housing construction projects, of which only Esterbrook Senior Residences is restricted to very-low to low-income senior citizens.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

The County has funded the Esterbrook Senior Residences LIHTC project with additional HOME funds of \$7 million dollars to assist in the development of new affordable housing. The Esterbrook Senior Residences project have received their LIHTC in December 2024 and closed on their tax credits in March 2026. Construction began in March 2026.

CR-58 – Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF
Total Number of Activities	2	0	0	0	0
Total Labor Hours	767				
Total Section 3 Worker Hours	346				
Total Targeted Section 3 Worker Hours	65				

Table 14 – Total Labor Hours

Qualitative Efforts - Number of Activities by Program	CDBG	HOME	ESG	HOPWA	HTF
Outreach efforts to generate job applicants who are Public Housing Targeted Workers					
Outreach efforts to generate job applicants who are Other Funding Targeted Workers.					
Direct, on-the job training (including apprenticeships).					
Indirect training such as arranging for, contracting for, or paying tuition for, off-site training.					
Technical assistance to help Section 3 workers compete for jobs (e.g., resume assistance, coaching).					
Outreach efforts to identify and secure bids from Section 3 business concerns.					
Technical assistance to help Section 3 business concerns understand and bid on contracts.					
Division of contracts into smaller jobs to facilitate participation by Section 3 business concerns.	1				
Provided or connected residents with assistance in seeking employment including: drafting resumes, preparing for interviews, finding job opportunities, connecting residents to job placement services.					
Held one or more job fairs.					
Provided or connected residents with supportive services that can provide direct services or referrals.					
Provided or connected residents with supportive services that provide one or more of the following: work readiness health screenings, interview clothing, uniforms, test fees, transportation.					
Assisted residents with finding child care.					
Assisted residents to apply for, or attend community college or a four year educational institution.					
Assisted residents to apply for, or attend vocational/technical training.					
Assisted residents to obtain financial literacy training and/or coaching.					
Bonding assistance, guaranties, or other efforts to support viable bids from Section 3 business concerns.					
Provided or connected residents with training on computer use or online technologies.					
Promoting the use of a business registry designed to create opportunities for disadvantaged and small businesses.					
Outreach, engagement, or referrals with the state one-stop system, as designed in Section 121(e)(2) of the Workforce Innovation and Opportunity Act.					

Other.					
--------	--	--	--	--	--

Table 15 – Qualitative Efforts - Number of Activities by Program

Narrative

County of Union HOME Investment Partnerships Program funded two (2) rental projects, which are currently under construction. Both projects have take qualitative efforts such as hosting multiple job fairs, outreach efforts to generate job applicants who are Targeted Workers, by reaching out to the local housing authorities and places of worship to find workers, making efforts to outreach to section 3 business concerns, as well as provided financial literacy training to residents. Upon completion of the projects, we will report all Section 3 information in the IDIS.

The only CDBG funded project that was required to provide Section 3 training services was the roadway project for the City of Rahway that exceeded \$300,000. The total labor hours are reported for this roadway project.

Newark Field Office (Region II)
1 Newark Center - 13th Floor
Newark, NJ 07102

HEARTH Emergency Solutions Grant

Program Overview

The HEARTH Emergency Solutions Grant (HESG) program is designed to help with individuals/families to quickly regain stability in permanent housing after experiencing a housing crisis or homelessness.

HESG funds target individuals/families at or below 30% of the area median income, residing in the County of Union that are homeless, imminently homeless or at risk of homelessness with a documented need consistent with funding guidelines. Priority is given to families with child/ren. This would include families with multiple housing barriers. The first priority is given to persons who are experiencing homelessness and need temporary assistance in order to obtain housing and retain it through Rapid Re-Housing assistance. Second priority would be given to households with an eviction notice to prevent homelessness through prevention assistance.

In Union County under the HESG program there are five (5) service categories:

- 1) Emergency Shelter
 - Operations
 - Essential Services
- 2) Street Outreach
- 3) Homeless Management Information Systems (HMIS)
- 4) Rapid Re-Housing (RRH)
 - Relocation & Stabilization
 - Tenant Based Rental Assistance
- 5) Homelessness Prevention (HP)
 - Relocation & Stabilization
 - Tenant Based Rental Assistance

The HESG program provides temporary emergency shelter nights with case management supports to stabilize program participants; street outreach services to engage homeless individuals/families living on the street - a bridge to linking them with the Continuum of Care (CoC) System; Homeless Management Information System (HMIS) to provide staffing for HMIS data entry; and tenant based rental assistance to rapidly re-house homeless individuals/families, and prevent families/individuals from becoming homeless in order to obtain and retain housing. This effort is structured through a CoC strategy to promote long-term self-sufficiency and obtain a better quality of life.

Funded Providers

HESG sub-recipients are awarded funding through a Request for Proposal (RFP) process. Each awarded sub-recipient is mandated to participate in the State-wide initiative of the Homeless Management Information System (HMIS); an internet based CoC tracking system. HMIS is used to monitor client services and prepare the required U.S. Department of Housing & Urban Development (HUD) reports. Designated domestic violence and legal services agencies are excluded from using HMIS however they *must have a comparable database in place to capture the HUD required statistical information*.

All sub-recipients are also required to meet the 100% matching funds, per the HUD's ESG Interim Rule. Documentation per the funding regulations (Section 576.201) will be required for reimbursement.

Additionally, all sub-recipients are required to actively participate in the annual Homeless Point-In-Time Survey and the Comprehensive Emergency Assistance Systems and Continuum of Care (CEAS/CoC) Committee.

The below list of sub-recipients shows what services were provided during the *Consolidated Annual Performance & Evaluation Report (CAPER)* period (8/1/2025-7/31/2026):

Organization	Municipality	Type of Program
Bridgeway Behavioral Health Services, Inc.	Elizabeth	Street Outreach
Catholic Charities of the Archdioceses of Newark	Cranford	RRH: Relocation & Stabilization and Tenant Based Rental Assistance; HP: Relocation & Stabilization and Tenant Based Rental Assistance
Elizabeth Coalition to House the Homeless	Elizabeth	Emergency Shelter: Operations & Essential Services; Street Outreach; RRH: Relocation & Stabilization and Tenant Based Rental Assistance; HP: Relocation & Stabilization and Tenant Based Rental Assistance
Family Promise-Union County	Elizabeth	HP: Relocation & Stabilization and Tenant Based Rental Assistance
PROCEED, Inc.	Elizabeth	HMIS; RRH: Relocation & Stabilization and Tenant Based Rental Assistance; HP: Relocation & Stabilization and Tenant Based Rental Assistance
The Gateway Family YMCA	Elizabeth	Emergency Shelter: Operations & Essential Services; HMIS
The Salvation Army, Inc. (Elizabeth)	Elizabeth	Emergency Shelter: Operations & Essential Services; HMIS
Urban League of Union County	Elizabeth	HMIS; RRH: Relocation & Stabilization and Tenant Based Rental Assistance; HP: Relocation & Stabilization and Tenant Based Rental Assistance
YWCA Union County	Elizabeth	Emergency Shelter: Operations

Services Provided

During the CAPER period the following services were provided:

- Bridgeway Behavioral Health Services, Inc. provided unsheltered homeless individuals/families with outreach services, case management assistance to obtain housing with follow up case management services three months after the completion services, linkages to housing (temporary/permanent) and linkages to substance abuse services.
- Catholic Charities of the Archdioceses of Newark provided individuals/families with rental assistance (prevention) payments to maintain their current housing thereby avoiding eviction and homelessness, rental assistance (rapid re-housing), and case management services to help them obtain housing.
- Elizabeth Coalition to House the Homeless provided motel/hotel nights to rapid re-housing individuals/families, provided individuals/families with rental assistance (rapid re-housing) payments to obtain housing thereby avoiding homelessness, case management services to

obtain housing thereby avoiding homelessness (rapid re-housing), living arrangements assistance, home inspections, and overall habitability of apartment to be rented, and follow-up case management services three months after the completion of services during the contract period.

- Family Promise-Union County provided individuals/families with rental assistance (prevention) payments to maintain their current housing thereby avoiding eviction and homelessness, case management services to maintain their current housing thereby avoiding eviction and homelessness (prevention); living arrangements assistance, home inspections, and overall habitability of apartment to be rented, and follow-up case management services three months after the completion of services during the contract period.
- PROCEED, Inc. provided individuals/families with rental assistance (rapid re-housing) payments to obtain housing thereby avoiding homelessness; case management services to obtain housing therefore avoiding homelessness (rapid re-housing & prevention); rental assistance (prevention) payments to obtain housing thereby avoiding homelessness; case management services to obtain housing therefore avoiding homelessness (prevention); living arrangements assistance, home inspections, and overall habitability of apartment to be rented, and follow-up case management services three months after the completion of services during the contract period.
- The Gateway Family YMCA provided single women/ families residing at Madison house with emergency shelter and with case management services (including case management follow-up) during the contract period.
- The Salvation Army-Elizabeth provided emergency shelter placement and case management services (including case management follow-up); in addition, hot meals were provided to shelter residents during the contract period.
- The Urban League of Union County provided individuals/families with rental assistance (prevention) payments to maintain their current housing thereby avoiding eviction and homelessness, rental assistance (rapid re-housing); case management services to maintain their current housing thereby avoiding eviction and homelessness (prevention); and follow-up case management services three months after the completion of services during the contract period.
- The YWCA Union County provided emergency shelter placement and case management services (including case management follow-up); and education on Federal, State and community resources available to victims of domestic violence during the contract period. While residing in the shelter, the shelter advocate provided crisis counseling, and advocacy to help clients become self-sufficient and lead independent lives.

Please note that all awarded funds were not expended during the reporting period and are not reflected in this year's CAPER based on the delay in receiving funding from the Federal grantor.

All sub-recipients were granted additional time through December 31, 2026. All funds and levels of service will be reflected in the 2026-2027 CAPER.

As of: 9/24/2026 cmt

Years	Accomplishment Narrative	# Benefitting
2024	Final: We hold numerous art & exercise classes, BINGO, senior meetings, multiple special luncheons for seniors throughout the year. New this grant year were Senior Prom, an additional Spring Fling luncheon, and a senior anchor program information session. We have volunteers who drive seniors to local grocery stores on our senior van every week. In addition to our regular classes for seniors, we added Senior Prom, senior anchor program information session and several additional luncheons. We have volunteers who take some of our seniors on the senior van to local grocery stores.

Years	Accomplishment Narrative	# Benefitting
2024	Final Report: During the Year 50 CDBG grant period, from September 1, 2024, through June 30, 2025, OPDSN experienced meaningful accomplishments. First of all, OPDSN successfully conducted a total of 42 classes for 6 recreational programs designed for persons with disabilities and special needs. Most of our classes were one hour long; however, some, like Art for All Abilities and Inclusive Ceramic Painting, were offered for an hour and a half. Moreover, our inclusive recreational programs continued to attract participants and received positive feedback from the community. Our programs, Inclusive Ceramic Painting, Inclusive Yoga, Inclusive Karate, Inclusive Zumba, Art for All Abilities, Developmental Golf, offered a wide array of advantages for our participants such as social skills, life skills, physical exercise, breathing techniques, stress reduction and more.

2024	Final: This years Arts & Media Program transformed raw creativity into powerful storytelling. Students used poetry, photography, film, and digital design to explore their identities, express emotions, and imagine futures. Our curriculum was grounded in the belief that the arts are not a luxury but a language one that helps young people communicate, innovate, and lead.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2024	Final: Provided recreational, social, educational, health, wellness, and fitness related programs and events for senior citizens throughout the year. These included programs such as: line dancing, fitness, zumba, walking club, healthy bones, and ceramics. Also provided transportation to weekly shopping and bi-weekly senior meetings throughout the year. We were able to reach 50 Garwood seniors during the grant period. The programs and bus transportation provided important and beneficial opportunities and access for Garwood seniors. We saw less participation this year than last year but we aim to increase our numbers next year by offering an open house demo of our programs at the beginning of the year so the seniors can try out the programs and get to know the instructors first before signing up, incorporating a senior social event to reach more seniors, increasing our marketing efforts, and conducting a review of our programs.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2024	Final: All of our programs were very successful throughout the year. We offered soccer, basketball, volleyball, and sewing for the youth throughout the fall, winter, and spring seasons which were all well attended. We also offered line dancing, step classes, and stretch/cardio classes for adults throughout those seasons as well. We were able to complete some renovations to our entire facility which helped beautify and make the space more functional. We assisted our mayor with her annual turkey drive, winter wonderland week and toy drive, hosted a college fair, hosted a wellness day for men as well as a basketball tournament for boys ages 14 to 18, hosted our annual easter egg hunt and party, along with our annual mock trial with the police department.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2024	Final: The grant year began with the addition of a semimonthly Strength, Balance & Function class to the Senior Center's robust schedule of weekly senior wellness classes featuring line dance, fitness, Zumba, chair Yoga and bowling. Also introduced was an expanded Arts & Crafts program in painting, ceramics and other media, culminating in a May Senior Arts & Crafts Show. Senior resource days and a popular monthly Lunch & Learn program covered a range of timely topics, including a Food Smarts• nutrition/cooking series by the Community FoodBank of N.J. Such offerings, in addition to seasonal celebrations, a luau-style annual picnic and various other educational/social events made possible by CDBG funding, successfully met the objective to enlighten, empower and entertain a diverse senior audience.

2024	Final: In Year 50, this grant helped fund exercise classes including: In Control, Strong You, Chair Yoga, Balance and Conditioning, Stretch, Strength and Stability, Table Tennis, Meditation and Reiki, and Zumba classes. This grant also was used to fund a portion of the Senior Bus driver's salary. The grant also funded a Senior Health Fair which provided basic health screenings including stroke screenings, wound assessments, hepatitis screenings, dental screenings and balance assessments, as well as information from a local pharmacy and various senior services including private and local government organizations. The grant also funded an instructor for Beginner and Advanced Italian classes, an instructor and supplies for painting classes, resistance bands used by exercise class participants, and a speaker for a special presentation to a meeting of the New Providence Senior Citizens Club.

2024	Final: HOPES CAP, Inc. provides Early Childhood Education Services to children ages 3 to 5 year olds from low income families residing in the City of Plainfield. Our goal is to continue to provide high quality preschool education and care in the community, as well as to support positive family outcomes. The program was able to enroll 163 unduplicated preschool children during the 2024-2025 school year. Children are placed in seven preschool classrooms with one certified teacher and a qualified teacher assistant. This grant helps support part of the salaries for one family advocate and one cook in the program.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2024	Final Report: Throughout the funding Year 50 funding cycle, the numbers for this program continued to grow which demonstrates great need for independent life skills services. Prosperity was able to work with many youth on finding employment and securing both FT and PT positions for them. We had eight (8) youth graduate high school and fifteen (15) youth continue their education. Youth in the programs were able to set goals in education, and/or obtaining their driver's permits. When goals were set and they reached them, it was a positive experience for them. Referrals continue to come from from local organizations, the community, families and youth themselves.

2024	Final Report: This project is staffing for adult special needs programming. The Y offers a variety of land and water-based arthritis classes and programs for adults with other special health issues such as Parkinson's and Osteoporosis. The Adapt-Ability program offers physical, recreational and social programs for young adults age 18+ with special/adaptive needs with classes such as Cooking, Game Night and Group Exercise. "Pop up" classes and activities are additionally offered. The adult special needs programs are ongoing and expected to continue to grow to serve this vital community need.

IDIS Activity:	4895 - Linden - LINCS Food Pantry		
Status:	Completed 9/9/2025 12:00:00 AM	Objective:	Create suitable living environments
Location:	14 W Munsell Ave Linden, NJ 07036-4407	Outcome:	Availability/accessibility
		Matrix Code:	Food Banks (05W)
		National Objective:	LMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 01/03/2025

Description:

Funds will be used for payment of rent of the food facility, located at 14 West Munsell Ave, Linden.
The funding will defray rent, allowing dedication to more valuable resources to feeding low to moderate-income households.
LINCS food pantry distributes nutritional food & personal items, supplementing families' monthly resources.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2024	Kings Daughter Day Care School Final: The Daily activities that the children participate in include the following. Breakfast lunch and snack. In addition weather permitting the children also engage in outdoor play for one hour. Our Toddler and Preschool playgrounds are located on the property and are used by each classroom for outdoor play. For the remainder of the day the children actively participate in our educational programs that have evolved from the high scope educational approach. High Scope is a research based approach to learning that follows a consistent daily routine. Furthermore all children enrolled have access to social services throughout our family services department. Neighborhood House Association Final: Our largest and most notable accomplishment is completing the NJGROW assessment which supports our goal to maintain quality service. All teachers have completed the required training. The grant has helped Neighborhood House continue to maintain quality teachers who assist with training new classroom staff and provide valuable legacy for children who enroll. RCAO Final: Non BOE provided Services from September 3-Present both in Pre K and Afterschool Classes for the program year. Community Coordinated Child Care Final: We have reached our goal of improving quality care and providing enhanced services to low income high need children enrolled in family child care homes. We completed the assessment of the family child care homes for participating with FCC providers. Each Provider developed an improvement plan with our specialist. Materials were purchased to enhance the quality of care offered by the providers. We continue to offer both group and individual assistance and training sessions, available in person and VIA zoom. Rahway Day Care Final: Provided affordable quality care both full time and part time children services to working parents in the community. This has allowed the part time and full time staff to provide services to 53 eligible students.

2024	YWCA of EUC Final: During this program year the YWCA of Eastern UC Domestic Violence Emergency Shelter Program provided comprehensive services to victims of domestic and their children. Programs and services included 24 Hour domestic violence hotline, emergency shelter, case management, individual and group counseling, therapeutic art classes, job readiness and life skills workshops, and economic empowerment trainings. Case Management services are tailored to the specific needs of shelter residents and assist them to access the community and government services they need. Shelter clients also have access to other YWCA Union County Programs such as our Court Advocacy Program.

2025	Memorial Park is a frequently visited park by players participants and attendees of may sporting and playground visitors. The completed additional of a shade structure allows us to host outdoor program to encourage an open air atmosphere and allows for programs to continue in the event that they cannot be offered indoors.

Years	Accomplishment Narrative	# Benefitting
2025	The transportation Shelter Project was successfully despite several challenges encountered throughout the process. Initial bid prices significantly exceeded the projects budget, requiring the project to be rebid and ultimately negotiated with contractor to achieve acceptable pricing. Additional Modifications to the project plans were necessary to obtain permit approval and construction timelines were affected by the need to allow the newly installed concrete pad to properly cure before the shelter could be assembled. Through careful project Management and coordination, these obstacles were overcome resulting in the successful installation of a safe accessible and weather-protected transportation shelter.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2025	Final: unds were used to support staff salaries for office operations, provide approximately 1,750 counseling hours, and conduct four outreach events. Program activities included assisting five BCAP women, encouraging seven women to obtain mammograms, facilitating six faith-based Pink Ribbon Awareness events, and hosting Sisters Signature events. Funds also supported the Annual Walk and Annual Golf Outing, which served as both fundraising and community awareness initiatives. These events increased breast cancer awareness, provided education, and enhanced participants' knowledge of available resources and services.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2025	Final: Plainfield YMCA staff ended the School Aged Child Care (SACC) program school year at five elementary schools in the Plainfield community. A total of 117 participants were guided and supported in various academic, social, and recreational activities afterschool until their caregivers picked them up. This was a successful program where no one was rejected and thus the number of neurodiverse youth participating increased during the year. Plainfield YMCA was grateful for this funding in support of this program.

Project: 0048 - Linden- LINC'S Food Pantry

IDIS Activity: 4991 - Linden- LINC'S Food Pantry

Status: Completed 8/17/2026 12:00:00 AM

Location: 14 W Munsell Ave Linden, NJ 07036-4407

Objective: Create suitable living environments

Outcome: Availability/accessibility

Matrix Code: Food Banks (05W)

National Objective: LMC

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 12/09/2025

Description:

Funds will be used for payment of rent of the food facility, located at 14 West Munsell Ave, Linden.

The funding will defray rent, allowing dedication to more valuable resources to feeding low to moderate-income households.

LINC'S food pantry distributes nutritional food & personal items, supplementing families' monthly resources.

2025	Final: This program provides a consistent and essential source of services and activities for the senior residents of Roselle Park. The senior transportation bus operates daily, offering reliable access to shopping, nutrition programs, and recreational activities. This service enhances mobility for older adults, helping them remain active, engaged, and connected within the community. The program also supports the salaries of qualified CDL-licensed drivers, including a recently appointed full-time bus driver who previously served in a part-time capacity.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2025	Final: The grant year saw a surge in participation in the Sr Center's weekly line dance, fitness, Zumba, strength/balance & chair yoga classes, as well as in its Lunch 'n Learn program, which covered such timely topics as Medicare/SS news, consumer fraud, estate planning, smartphone use/security, new tech in health care/brain health, fall prevention and home adaption for seniors. The addition of free on-site tax preparation, property tax-relief filing and Farmers' Market registration services was highly beneficial as was a new Living Well serioes of County provided health talks. Such offerings, in addition to popular arts/crafts classes, seasonal celebrations, an annual picnic, senior arts/crafts show and various other educational/ social events made possible by CDBG funding, successfully met the objective to enlighten, empower & entertain our Srs.

2025	Final: HOPES CAP, Inc. provides Early Childhood Education Services to children ages 3 to 5 year olds from low income families residing in the City of Plainfield. Our goal is to continue to provide high quality preschool education and care in the community, as well as to support positive family outcomes. The program was able to enroll 170 unduplicated preschool children during the grant year. Children are placed in seven preschool classrooms with one certified teacher and a qualified teacher assistant. This grant helps support part of the salaries for one family advocate and one cook in the program.

2025	Final:The project successfully enhanced the quality of life for senior citizens in Roselle by improving access to essential services, community programs, and civic engagement opportunities. Through the continued provision of daily transportation services, seniors were able to maintain independence by accessing grocery stores, pharmacies, and other necessary shopping destinations. The project also increased participation in community events, including Women's History programs, community bingo activities, and informational meetings regarding Borough updates and local resources. As a result, the initiative helped reduce social isolation, encouraged active community involvement helped reduce social isolation,encouraged active community involvement, and strengthened communication between senior residents and the Borough while promoting a safe, supportive, and inclusive environment for Roselle's senior population.

2025	Q1: Our first quarter of the CDBG program marked a strong return to regular operations and an increase in service usage following the summer season. The programming offered continued to provide meaningful benefits to our senior community, including health presentations, our highly attended exercise classes, a event with nearly 40 participants, and essential transportation to local grocery stores and medical appointments. Our transportation service remains in high demand, operating approximately five days a week and assisting an average of seven riders per day. We have also introduced special Friday trips to select destinations, allowing senior residents to visit locations farther from home at no cost. Thanks to CDBG support, we experienced a successful first quarter and remain committed to further improvements in the second quarter and throughout the year.

2025	Final: We have provided a well rounded and supervised lunch program for the sneiors of Cranfird Senior Housing and senior residents of Union County. We believe that providing a nutricous hot lunch along with the opportunity to socialize with others continures to enhance the quality of life for the seniors. We also provide a warm welcoming environment to carry out activities and events that our seniors may not otherwise have the opportunity to take addvantage of. We look forward to continuing this great program.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2025	Final: Our programs for all quarters of year 51 were successful. Throughout the year we offered soccer, basketball, flag football, volleyball, karate, tennis and boxing for the youth. We also offered step classes, line dancing, as well as boxing/cardio for adults. We hosted our annual Halloween Spooktacular event, RecFest, an event for African American Book Week, and partnered with Union County College for girl's basketball. We are now in our summer program which includes, soccer, basketball, track, flag football, cheerleading, volleyball and sewing. These programs will run from July 6th through August 21st.

Years	Accomplishment Narrative	# Benefitting
2025	Final: During the grant period, our program re-engaged strategic community partners to expand services for expectant mothers and families with young children. Key accomplishments included hosting monthly WIC screenings at Township Hally and the Utilities Assistance Fair, operating a Pop-Up Food Pantry for three motnhs through a generous donation of non-perischable food, and conducting outreach to early childhood providers to promote routine childhood immunizations and ensure children remained up to date on vaccines.

2025	Final: During the months September 2025 through August 2026 the Urban League of Union County provided case management services to the previously incarcerated under parole and probation supervision as well as max outs returning to the Plainfield community. During the grant period (23) individuals enrolled in the Reconnections program. Each client received case management services resulting in (111) service referrals. The referrals included: Social Services, Healthcare, Identification, Department of Labor, Employment Readiness Workshop, Forklift Training, Vocational Training, GED, Legal Services, Mentoring and Social Security. The clients attended the following workshops specifically provided by Urban Leagues Reconnections Program: New Client Orientation, Employment Readiness Workshop, Life Skills Workshop, Legal Workshop, Mentoring Session and Financial Literacy Workshop.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2025	Final: Throughout the program year, CDBG funding supported a comprehensive range of youth-development and educational activities provided by BGCUC. Programming began with Triple Play, a core Boys & Girls Club initiative that promotes healthy eating, physical activity, and social-emotional wellness. Participants gained information and practical skills to help them make healthier choices and understand the importance of maintaining an active lifestyle. During subsequent quarters, programming expanded to include STEM education with an emphasis on mathematics, literacy development, academic enrichment, social-emotional learning, leadership development, and school readiness. Youth participated in hands-on lessons and structured activities that strengthened problem-solving, critical-thinking, reading, writing, communication, teamwork, goal-setting, and decision-making skills. CDBG funding helped BGCUC provide a safe, supportive, and engaging environment where young people could continue learning outside of school while developing skills that contribute to their long-term health, academic achievement, and personal growth. Collectively, the activities offered throughout the year addressed the educational, physical, and social-emotional needs of participating youth and supported BGCUC's broader commitment to helping young people reach their full potential.

2025	Final: The Springfield Recreation Department offers senior transportation services five days a week. Seniors typically use this mode of transportation for everyday tasks. This includes transportation to the post office, doctor's visits, supermarkets, the gym, the senior center, plus any other destinations they may require. Throughout the month, our department plans bus outings for our senior residents.Â¿Â Every month, our department hopes to continue these bus trips and take seniors to new destinations to enjoy.

2025	Final:This year we have been running the Share the Fun Club each day from the start of the school year. Unfortunately, we have had another round of staffing change over with a recent resignation. However, our new hire Jalen has started to do an incredible job with leading the staff and the program toward creating an inclusive environment for all children in the afterschool program. We have held the program on all half days from school to provide lunch We have additionally held the program on the school vacation during the teachers convention. We are settling into a new normal in the program with staffing and looking forward to the remainder of the year.

2025	Final:The Senior Bus provides reliable and free transportation for all senior residents. The bus runs on a set schedule four days a week to local stores. The residents of the senior housing building utilize this service the most but we also have many seniors in the community use it as well. It is a vital service for those residents who no longer drive, especially the ones who live in the community

2025	Final: This project is staffing for adult special needs programming. The Y offers a variety of land and water-based arthritis classes and programs for adults with other special health issues such as Stroke, Parkinson's and Osteoporosis. The Adapt-Ability program offers physical, recreational and social programs for young adults age 18+ with special/adaptive needs with classes such as Cooking, Game Night and Group Exercise. "Pop up" classes and activities are additionally offered. We plan to continue these activities on an ongoing basis.

Years	Accomplishment Narrative	# Benefitting
2025	Cerebral Palsy of Union County FINAL :Throughout the grant period, the project successfully provided consistent nursing services that supported the health, safety, and overall well-being of participants in CPL's Adult Program. Grant funding helped ensure that participants received medication administration, routine health monitoring, chronic disease management, monthly health assessments, first aid and emergency care, and coordination of healthcare services when needed. These services promoted early identification of health concerns, improved continuity of care, and helped participants remain healthy and actively engaged in program activities. By providing individualized nursing support and health education, the project enhanced participants' quality of life while ensuring access to essential healthcare services in a safe and supportive environment. Occupational Center of Union County FINAL: Throughout the grant period, the 55 of 60 allocations successfully supported vocational counseling services, provided individualized career assessments, employment planning, and one-on-one guidance. These services helped individuals identify meaningful employment goals, strengthen workplace readiness, and connect with supported employment opportunities and vocational training. The grant's investment contributed to increased access to employment-focused services and reinforced Inroads to Opportunities' commitment to helping individuals with disabilities achieve greater independence and long-term economic stability. The Arc of Union County FINAL: We are 100% complete with services from the program provided to our participants who are adults with intellectual and developmental disabilities (I/DD). Support from this program allows our individuals to receive job training and to secure positions where they will earn their own money. For those living in our group homes, they learn to live independently with dignity, and affording those still living at home with their family to contribute to their own nuclear family with pride.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2025	CCCC FINAL: We have successfully completed all FCCERS observations to fulfill 21 slots. This achievement marks a significant step in our commitment to enhancing the quality of early childhood education. New materials were purchased and delivered to providers to enhance specifically the science, block and dramatic play areas. Along with these resources, we have also provided technical assistance to ensure that our providers can integrate these materials into their programs. To support our providers further, each one has received a FCCERS-3 manual. We are excited about the positive impact these developments will have on the educational journey of the children in the provider's care. Technical assistance will continue throughout the year. Rahway Day Care FINAL: Rahway Day Care Center provides affordable quality Full time and Part time childcare services for working parents in our community. Full time and Part time service was provided for 39 eligible students. Rahway Community Action FINAL: Payroll relief for Pre-K 4/Wrap Care lead teacher. Pre-K hours are 9 a.m. to 5 p.m. Wrap Care is available 8 a.m.-9 a.m and 2:30-5 pm. Extended care is offered 5-6 pm, but is not included in this position. This classroom is operated by RCAO but meets the same high standards set in the other Rahway Board of Education Pre-K classrooms, and also follows The Creative Curriculum so all our students have a strong foundation for future success. Two students joined the program during this time period bringing the total number of students served to 36. Full drawdown submitted with Q2 report, we are currently awaiting the funding. Neighborhood House FINAL: During this final period of the quarter Ready, Set Kindergarten programs where students displayed what they have learned during their school year, celebrated Juneteenth with in-house parades and art displays and prepared for summer activities. This year Neighborhood House operated at full capacity for the first time after covid. We have a waiting list, which is a testament to our community impact. Kings Daughter Day School FINAL: Breakfast, lunch, and an afternoon snack are provided daily to all enrolled children, ages 0-13. Weather permitting, children participate in a minimum of one hour of outdoor play each day. The center maintains separate toddler and preschool playgrounds on-site, which are utilized by classrooms to support safe, age-appropriate outdoor activities. High Scope is the current educational curriculum. In addition, all enrolled children and their families have access to support services through the center's Family Services Department, which provides resources, referrals, and assistance based on individual needs. The center is also actively expanding its community outreach efforts to strengthen engagement with local families and increase awareness of available programs and services.

2025	The Gateway Family YMCA FINAL: During the grant period, The Gateway Family YMCA consistently provided emergency shelter and comprehensive case management services to men residing in our Men's Dormitory shelter. CDBG funding supported case managers who worked with participants to develop and advance individualized success plans addressing employment, income stability, and permanent housing goals. Through ongoing coordination with community partners and supportive services, participants addressed barriers to housing and strengthened skills necessary for long-term stability and successful transitions to permanent housing.

2025	Final: Throughout the past 10 months, LINC's resource pantry hosted 10 distributions, serving an average of 73 families at each distribution. With the funds of the grant we were provided, we were able to stock the pantry with fresh and nonperishable food items, hygiene products, and cleaning supplies, providing families in need with access to essentials. Throughout 2026, LINC saw a sharp increase in client registrations as well as an increased distribution size, averaging 86 families over the past 6 months. The grant has allowed us to sustain our growth in service at the same level of access, and for that, we are incredibly grateful and very proud.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2025	FINAL: The project exceeded its service goal, reaching 108 low- and moderate-income Union Consortium residents compared with the proposed 100. This directly advances Union County 2025 CDBG priorities to benefit low/moderate-income residents through public and social services that strengthen youth development, family stability, self-sufficiency, and economic mobility. Through one-to-one mentoring and case management, youth received sustained support focused on academic achievement, practical life skills, healthy development, and college/career readiness. Progress toward the proposed outcomes: 86% demonstrating improved academic skills and 88% developing practical life skills (the other 12% are too early in the relationship to assess), exceeding both proposed targets of 65% and 75% respectively. The program also maintained its strong high school completion outcome, with 100% of Union County High School seniors graduating, exceeding the proposed 96% target. Overall, the project expanded access to mentoring while delivering sustained developmental and educational support to Union County youth and families.	53

Years	Accomplishment Narrative	# Benefitting
2025	Inspector identified over 250 vacant properties containing violations and take corrective action. Responded to Over 80 complaints. Took owner and banks to court for failure to respond to summons and collected fines. initiated close to 30 property abatements including removal of abandoned vehicles. Added 43 properties to the V/A list this year 30% of the homeowners corrected the violations. Continues to enforce those not in compliance. All funds will be allocated towards the salaries of code enforcement officers, will help reduce the number of violations incurred by canvassing the community and conducting inspections throughout the Township CDBG eligible areas. The primary focus will be on making vacant homes habitable. Liens will be placed against properties for the cost of cleanup and generated revenue will allocated back into the projects as income.

2025	City of Rahway program completed repair in two homes, and has contract signed and ready for another home. Contract is for window work and will consist of a senior grant and a deferred loan. While the program did receive multiple applications, unfortunately those applications did not qualify. Examples of reason include but are not limited to undisclosed income, unpaid taxes, liens on home. etc. The program is hosting an information session in October at the senior Center and the event will be advertised in Rahway review a publication by the city that goes to all homes in Rahway.

Status: Completed 9/10/2026 12:00:00 AM

Location: 75 Chestnut St Cranford, NJ 07016-2937

Objective: Create economic opportunities

Outcome: Availability/accessibility

Matrix Code: ED Technical Assistance (18B)

National Objective: LMJ

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date: 12/24/2025

Description:

Funds will go towards providing technical assistance to businesses and to administer loan program.

The total budget for UCEDC is \$200,000.00 with \$115,000.00 for technical assistance component and \$76,670.00 for loan administration, and audit \$8,330.00. The UCEDC must ensure compliance with the public benefits; which include a cost per job standard.

The provision of the technical and financial assistance by the UCEDC is designed to stimulate business retention, expansion and attraction, as well as the employment of low and moderate-income persons.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2026	Final: The Mount Olive Baptist Church (MOBC) Code Blue Warming Center was established to help prevent death and injury among individuals and families experiencing homelessness during periods of extreme weather. The program's mission was to provide emergency shelter and connect those in need with supportive resources in a safe, welcoming, and judgment-free environment. Throughout the season, the center provided meals, hygiene products, recreational activities, and compassionate care to hundreds of guests. By meeting immediate needs while treating every person with dignity and respect, the program successfully fulfilled its purpose and made a meaningful impact in the community and throughout Union County.
